Nothing in this Master Declaration shall impose any duty or obligation upon Declarant to add Additional Lands to the Total Property. Only that portion of the Additional Lands which is added by Declarant shall be subject to the provisions of the Master Documents. Some of the effects of adding such Additional Lands to the Total Property may be to increase the size of the Total Property, the number of Units, the number of Members, the number of Persons using the Common Areas, the size of the Owners' Association's Budget and the total number of votes which may be cast by Members.

2.05 Public Property. Declarant shall have the right (which right may be assigned by Declarant to the Owners' Association), in its sole and absolute discretion, to dedicate portions of the Total Property, whether or not such property be Committed Property, to the public or to an appropriate entity to be held in trust for the public as Public Property for uses to include, without limitation, rights-of-way, public parks, school sites, libraries, fire stations, police stations and other public and institutional uses. Public Property shall cease to be a part of the Total Property and shall cease to be subject to this Master Declaration upon its becoming Public Property as set forth by Declarant in a Supplement or otherwise. Persons who are not Members of the Owners' Association shall be entitled to use the Public Property. Notwithstanding that Public Property is not part of the Total Property, the Owners' Association shall have the right, or may be required by an appropriate governmental or quasi-governmental agency, to maintain certain portions of such Public Property. For example, and not by way of limitation, if it is agreed between the Owners' Association and the appropriate maintaining governmental or quasi-governmental authority that publicly dedicated rights-of-way, or portions thereof, shall be maintained at a higher level than normal roadway and drainage facility maintenance, the Owners' Association may have to be responsible for maintaining all or a portion of such publicly dedicated rights-of-way in accordance with the terms of such agreement, and the cost of same shall be assessed against the Members as an Operating Expense.

2.06 Other Entities or Associations. Declarant, or another Person with Declarant's prior written consent, may record instruments subjecting Uncommitted Property or Additional Lands to protective covenants or provisions other than this Master Declaration. Such provisions may create property owners' associations or other entities. Such other entities may have the same, additional, or different rights, powers, duties or privileges with respect to such Uncommitted Property or Additional Lands; provided, however, that any such recorded instrument may subject such Uncommitted Property or Additional Lands to the jurisdiction of the Owners' Association, and may make the owners of such Uncommitted Property or Additional Lands Members of the Owners' Association under such terms and conditions as may be provided therein, which may be the same as or substantially different from the terms and conditions of membership as provided herein.

2.07 Clubs and Hammock Dunes Club, Inc. Hammock Dunes Club, which is referred to in Article 2.01(i) hereof, is being developed as a Tract in conjunction with the Total Property. The Clubs are or will be part of the Committed Property, and are or will therefore be subject to the obligations and conditions of this Declaration. Some of the effects of establishing such Clubs may be to increase the number of Persons using the Common Areas.

OFF REC 0392 PAGE 0362

The Clubs, the members of the Clubs, and their Visitors, shall have the perpetual non-exclusive easement set forth in Article 12.07 hereof. Notwithstanding anything contained herein, the aforesaid easement as it relates to the use of the Common Areas by members of the Clubs or Visitors shall be only as to that portion of the Common Areas necessary for their use. Any disputes as to what constitutes a normal purpose or what portion of the Common Areas are necessary for their use shall, during the term of this Declaration, be determined by Declarant in its sole and absolute discretion. Declarant reserves the right to unilaterally impose upon the Common Areas such other easements which are required for the use and enjoyment of the Clubs. The location of a Unit within the Committed Property may result in nuisances or hazards to persons and property on the Unit as a result of normal club operations. Each Unit Owner covenants for itself, its successors, successors in title, and assigns that it shall assume all risks associated with such location including, but not limited to, the risk of property damage or personal injury arising from stray golf balls or actions incidental to such club activities and shall indemnify and hold harmless the Owners' Association, Declarant and the Clubs from any liability, claims or expenses, including attorneys' fees, arising from such property damage or personal injury.

2.08 Use of Club Facilities. NOTWITHSTANDING ANYTHING IN THE MASTER DOCUMENTS, THE OWNERSHIP OF A UNIT, OR MEMBERSHIP IN THE OWNERS' ASSOCIATION, DOES NOT CONFER ANY OWNERSHIP INTEREST IN OR RIGHT TO USE ANY OF THE CLUBS' FACILITIES IN ANY MANNER.

ARTICLE 3  
DEVELOPMENT ORDER

3.01 In General. Hammock Dunes is a "Development of Regional Impact" (as that term is defined in Chapter 380, Florida Statutes, on the date hereof) intended to be developed incrementally in accordance with the Order which governs its overall development. The Committed Property shall be developed, if at all, in accordance with the provisions of the Order.

3.02 Scope and Effect. As set forth in Conclusion of Law 13 appearing on page 7 of Flagler County Resolution No. 84-7, dated March 30, 1984, the obligations created in the Order run with the land which comprises the Total Property. No portion of the Total Property shall be used for any purpose or in any manner inconsistent with the Order. Any violation of the Order shall be a violation hereof, and Declarant shall have the right to enforce the provisions hereof regarding the Order against any person in violation thereof. That notwithstanding, no provision of this Master Declaration is intended to impose any requirement on Declarant or to enlarge the scope of any provision of the Order or create any right in any person to enforce the provisions of the Order except as may be specifically provided therein or

herein or otherwise created by applicable law.

3.03 Dedication of Lands. Declarant hereby reserves the right, in addition to any other right reserved by Declarant anywhere herein, to dedicate or cause the Owners' Association to dedicate any portion of the Total Property to an appropriate governmental or quasi-governmental agency for such purposes as may be provided by the Order, including, without limitation, as Public Property, historical and archaeological sites, or "Sanctuaries" (as that term is defined in Article 5.02(b)(4)(vi) hereof). That notwithstanding, the provisions of this Article 3.03 are not intended to require Declarant to dedicate or cause the Owners' Association to dedicate any portion of the Total Property to any governmental or quasi-governmental agency except as Declarant deems appropriate.

3.04 Changes to Order. Declarant reserves the absolute right, power, and authority, in addition to any other right reserved by Declarant herein, to inaugurate and implement variations from, modifications to, or amendments of the Order in any manner and for any purpose Declarant deems appropriate for the development of the Total Property or the Additional Lands. That notwithstanding, no provision of the Order may be modified or amended by Declarant without the County's prior written consent. Further, no other Person shall have any right to inaugurate or implement any such variations, modifications, or amendments of the Order without the prior written consent of Declarant and the County.

3.05 Responsibilities Under Order. Declarant hereby reserves the right to the extent permitted by the Order to delegate or to contract concerning any or all of its responsibilities thereunder, including, without limitation, maintenance of Common Areas and monitoring of environmental and other conditions, to or with the Owners' Association, any Subassociation, the DCDD, or any other Person, exclusively or non-exclusively, and on a permanent or temporary basis. Declarant shall also have the right at any time to terminate such delegation and perform such functions itself or delegate same to another Person. The Owners' Association, the Subassociations, and any other Person having responsibilities regarding any portion of the Total Property which arise directly under the Order or by delegation from another Person having such responsibilities shall cooperate fully with each other and all other Persons having responsibilities under the Order to ensure that such responsibilities are carried out to the full extent required thereunder. Further, Declarant and the Owners' Association shall have the right, but not the obligation, to perform any functions required of any Person by delegation or

directly under the Order upon such Person's failure to properly perform such functions.

3.06 Use of Common Areas by Declarant. Declarant, for itself and the Owners' Association, and their designees, reserves the right, in its sole discretion, to use any portion of the Common Areas, as necessary, to perform maintenance, monitoring and other functions as may be required from time to time by the Order.

3.07 Conflicts. In the event of any conflict between the provisions of any Master Document and the Order, the provisions of the Order shall prevail.

3.08 Neighborhood Association Responsibilities. Certain requirements imposed by the Order may be imposed upon Neighborhood Associations in Neighborhood Documents. If any such Neighborhood Association fails to satisfy such requirements, then the Owners' Association shall have the right to enter upon the property operated by such Neighborhood Association, which entry shall not constitute a trespass, to correct such failure and to specially assess the Owners' Units belonging to such Neighborhood Association for the cost incurred in doing same.

ARTICLE 4  
THE DUNES COMMUNITY  
DEVELOPMENT DISTRICT (DCDD);  
OTHER ENTITIES

4.01 In General. The Total Property is part of the DCDD which was established in October, 1985 pursuant to Chapter 190, Florida Statutes. Declarant reserves the right to create or cause to be created such other entities responsible for carrying out certain governmental or quasi-governmental or other functions which may otherwise be the responsibility of the Owners' Association as applicable law shall permit which Declarant deems desirable for the efficient administration, operation, and maintenance and general welfare of the Total Property.

4.02 Powers and Functions. The DCDD or other entities created or caused to be created by Declarant shall, by its Board of Administrators, have all of the powers normally attributed to such entity. Such entity shall have the authority, but shall not be required except as specifically provided at the time of its creation, to perform any and all functions permitted of such entity by applicable law including, without limitation, financing public transportation and drainage facilities, providing for water control, providing capital improvements, roads and highways, bridges, fire protection, law enforcement, library services and facilities, recreation services and facilities,

REC 0392 PAGE 0365

water supply, streets, sidewalks, streets lighting, garbage collection and disposal, drainage, transportation, and other services and facilities. Such entity may perform such functions instead of or in addition to the Owners' Association's performance of such functions, as may be determined by Declarant until Turnover (and thereafter the Owners' Association), the County, and any other applicable governmental entity. Subject to any changes as set forth above, it is currently anticipated that the DCDD will perform those functions in Hammock Dunes relating to the surface water management system, including wetlands, lakes, marshes and upland vegetation areas, aquatic weed control in lakes; fish stocking for mosquito control; surface water quality monitoring; paving, curbing and drainage of certain arterial roads; bicycle paths; landscaping; irrigation systems; street lights and directional signage in certain road rights-of-way; potable water distribution system; fire hydrant system; wastewater collection, treatment and disposal system; public safety buildings and equipment; and maintenance of the intracoastal waterway bridge.

4.03 Revenues. The DCDD or other entity created or caused to be created by Declarant shall, by its Board of Administrators, have the power to raise revenues through any combination of (a) ad valorem tax levies on property within the jurisdictional boundaries of such entity (b) special assessments, (c) fees, and (d) any other revenue sources as may be permitted by applicable law. Any such tax levies, special assessments, fees, or other revenue sources shall be in addition to any Assessment levied by the Owners' Association for Operating Expenses pursuant to the Master Documents.

ARTICLE 5  
LAND USE CLASSIFICATIONS  
OF COMMITTED PROPERTY;  
ADMINISTRATION AND RIGHTS

5.01 In General. The Committed Property shall be transferred, demised, sold, conveyed and occupied subject to assigned Land Use Classifications in accordance with the terms of this Master Declaration as follows:

5.02 Land Use Classifications. The effect of assigning a Land Use Classification to Committed Property shall be to restrict the use of such Committed Property to uses consistent with such Land Use Classification. The Committed Property shall be used only as permitted by the Land Use Classifications hereinafter set forth, except (i) as otherwise declared in the Order or (ii) if Declarant, in its sole and absolute discretion, establishes other Land Use Classifications describing the specific land uses to which Committed Property may be put.

(a) Residential Property.

(1) In General: Residential Property is the Land Use Classification assigned by Declarant to those portions of the Committed Property designated as Residential Property on the Property Plan, this Master Declaration, the Order, a Supplement, or otherwise by Declarant. Residential property shall only be for Residential Use, which shall include Dwelling Units and improvements associated with residential purposes and uses including, but not limited to, Dwelling Units, single-family lots, multi-family lots, streets, driveways, sidewalks, entranceways, street lighting, open spaces, parking spaces, lawn areas, landscaping, swimming pools, docks, other recreational facilities and other areas or amenities appurtenant to Dwelling Units; provided, however, that facilities and other improvements related to construction, development, sales, and rental activities shall be permitted Residential Uses, as set forth more fully in Article 6.06(a) below.

(2) Administration: Declarant shall have the right, in its sole and absolute discretion, to create or cause to be created, Neighborhood Associations to administer portions of the Residential Property. The Owners of Dwelling Units administered by such Neighborhood Associations shall be responsible for paying assessments levied by such entities for the cost of such administration. The Owners' Association shall have the right, but not the obligation, to fulfill any obligations of such Neighborhood Association which they fail to satisfy, and to specially assess such Neighborhood and Unit Owners in such Neighborhood for the costs incurred for doing so.

(b) Common Areas.

(1) In General: Common Areas is the Land Use Classification assigned by Declarant to those portions of the Committed Property designated as Common Areas on the Property Plan, this Master Declaration, the Order, a Supplement or otherwise by Declarant; and all easements conveyed or dedicated to the Owners' Association and all use rights appurtenant thereto. Portions of the Common Areas may be owned by Persons other than the Owners' Association. Declarant, for so long as it owns any portion of the Total Property, shall determine the manner of making improvements to all Common Areas and the use thereof. Further, Declarant, for so long as Declarant shall have any interest in any portion of the Total Property, shall have the right to modify its plan for appearance of the Total Property and specifically to modify the appearance of the Common Areas and thereafter the Owners' Association shall have the same right as long as the general quality of such plan is not materially and detrimentally changed.

REC 0392 PAGE 0367

(2) Administration and Operation: The administration and operation of the Common Areas shall be the responsibility of the Owners' Association, except that the Owners' Association may assign or delegate such responsibility in whole or in part, exclusively or non-exclusively, and permanently or temporarily, for a portion of the Common Areas to a Subassociation, any of the Clubs or the DCDD or an appropriate governmental or quasi-governmental agency by an instrument executed by the Owners' Association. In addition, the Owners' Association may agree with any Subassociation or the DCDD or governmental or quasi-governmental agency to maintain all or any portion of any Common Area dedicated by Declarant to such Subassociation, DCDD, or governmental or quasi-governmental agency and the cost of such maintenance shall be either assessed against the appropriate Subassociation and the members thereof or, if such Common Area was dedicated to a governmental or quasi-governmental agency, assessed as an Operating Expense. It is currently anticipated that the DCDD will perform those functions set forth in Article 4.02 above.

(3) Certain Declarant Rights: Declarant shall have the right, in its sole and absolute discretion, to alter the boundaries of the Common Areas and construct, develop or modify the Common Areas and any improvements, easements and use rights thereon or appurtenant thereto in a manner determined appropriate by Declarant to be in the best interest of the Total Property without the joinder or consent of any Person including, without limitation, the Owners' Association, any Subassociation or the Owners, for so long as Declarant shall have any interest in any portion of the Total Property. Declarant shall also have the right for so long as it owns any portion of the Total Property to designate additional Common Areas or Residential Property from areas which were previously designated as Residential Property or Common Areas, as the case may be, or other types of areas, or by causing portion(s) of Uncommitted Property to become Committed Property, subject only to the provisions of the Order, by executing an amendment to this Master Declaration or a Supplement without the joinder or consent of any person.

(4) Specific Uses: The Common Areas shall be kept, maintained and used as set forth in this Master Declaration. Declarant is not obligated by this Master Declaration to create any Common Areas on the Total Property, and the mentioning of a use permitted on Common Area is by example only and shall not require the establishment of same. Common Areas are not Public Property. Every Member shall have a non-exclusive right and easement of enjoyment and use in and to the Common Areas for their intended purposes, which right and easement shall be appurtenant to and shall pass with the title to the Unit owned by such Member, subject to the Master Documents and all applicable governmental regulations including, without limitation, the Order.

The Owners' Association or the DCDD shall be responsible for maintaining, repairing, restoring, and replacing the Sanctuaries, as necessary, in accordance with the applicable governmental regulations, including the Order. Declarant, for so long as Declarant shall own any portion of the Committed Property, shall have the absolute right, in its sole discretion, subject only to the provisions of the Order, to designate, de-designate, or modify the existence, extent and appearance of Sanctuaries, and thereafter the Owners' Association shall have the same right so long as the general extent and quality of Sanctuaries is not materially and detrimentally changed.

(vi) "Entranceways" means those Common Areas designated as Entranceways on the Property Plan, this Master Declaration, the Order, a Supplement, or otherwise designated by Declarant, and all improvements thereon including, but not limited to, entranceways, entrance features, gatehouses, streets, landscaping, street lights, wall structures, decorative lighting, fountains, signage, walkways, bicycle paths, and related facilities, and shall be kept and maintained by the Owners' Association or the DCDD as and for Entranceways and for ingress and egress into and out of the Total Property or any portion thereof by Declarant for the use of Declarant and the Owners' Association and their designees, the Subassociations, the Owners, and their family members, guests, licensees, lessees, their family members, guests and invitees and all governmental and quasi-governmental agencies and service entities having valid

jurisdiction over the Total Property while engaged in their respective functions.

Declarant and the Additional Owners shall convey to the Owners' Association by quit-claim deed all such portions of the Common Areas not previously conveyed to the Owners' Association on or before Turnover. That notwithstanding, Declarant and the Additional Owners may convey all or portions of the Common Areas to the Owners' Association at such time prior to Turnover as Declarant may determine. THE OWNERS' ASSOCIATION AGREES TO ACCEPT "AS IS" THE CONVEYANCE OF THE COMMON AREAS AND THE PERSONAL PROPERTY AND IMPROVEMENTS APPURTENANT THERETO, WITHOUT ANY REPRESENTATION OR WARRANTY, EXPRESS OR IMPLIED, IN FACT OR BY LAW, AS TO THE CONDITION OR FITNESS OF THE COMMON AREAS OR PORTIONS THEREOF AND THE PERSONAL PROPERTY AND IMPROVEMENTS THEREON. All costs and expenses of such conveyance shall be paid for by the Owners' Association.

(ii) Declarant Approval: Once title to a Common Area(s), or any portion thereof, becomes vested in the Owners' Association, such Common Area(s) shall not be abandoned, partitioned, alienated, released, transferred, hypothecated, or otherwise encumbered without first obtaining, until Turnover, the written approval of Declarant, and at least two-thirds (2/3) of the Community Members excluding Declarant; and after Turnover not less than a majority of the Members. The last preceding sentence shall not be applicable to nor prohibit the Owners' Association from granting such easements as are reasonably necessary or appropriate for the Total Property in a manner consistent with the provisions of the Master Documents nor shall the foregoing prohibit the Owners' Association after Turnover from encumbering the Common Areas provided such encumbrances are solely to secure loans obtained for improving the Common Areas being encumbered and the lien of such encumbrance is not superior to the provisions of this Master Declaration.

(6) Neighborhood Common Areas and Community Common Areas: Neighborhood Common Areas and Community Common Areas are the Land Use Classifications assigned by Declarant to those portions of the Total Property the use of which has been

OFF REC 0392 PAGE 0371

primarily granted to a Neighborhood, Neighborhood Association or Community. The specific use classifications of these Land Use Classifications shall be the same as set forth above for the Common Areas, except that, in addition to the Owners' Association or the DCDD having the maintenance responsibility, this responsibility may also be performed by a Subassociation. Moreover, the Community Common Areas and Neighborhood Common Areas shall be conveyed to the Owners' Association under the same terms and conditions as set forth for Common Areas in Article 5.02(b)(5) above.

(c) Tracts.

1. In General: Tracts are those portions of the Committed Property assigned Land Use Classifications by Declarant as Recreational Property or as commercial or industrial property provided that Declarant shall have the right to assign other, secondary Land Use Classifications to Tracts. Recreational Property shall be used only for private, recreational purposes including, without limitation, country club facilities, golf courses, tennis courts, swimming complexes, beach club facilities, restaurants, playing fields, parks, and all structures, facilities, and the like and other improvements reasonably related thereto, as may be permitted by applicable governmental land use regulations, or the Order.

(ii) Declarant may create other Land Use Classifications for commercial or industrial purposes.

(2) Administration: Declarant, may in its sole discretion by means of a Supplement or otherwise, set forth: (i) how each Tract shall be administered; (ii) the rights and obligations of the Tract Owners; and (iii) any additional restrictions, conditions and covenants running with the Tract.

(d) Other Property. The Owners' Association may enter into easement agreements or other use or possessory agreements whereby the Owners' Association may obtain the use or possession of, or other rights regarding certain property, on an exclusive or non-exclusive basis, and not included within Committed Property, or the Total Property, for certain specified

OFF REC 0392 PAGE 0372

purposes. The Owners' Association may agree to maintain and pay for the taxes, insurance, administration, upkeep, repair, replacement or maintenance of such property, regardless of whether it has obtained the use or possession of same, and other property which Declarant, until Turnover, and thereafter the Owners' Association, determines to be desirous or beneficial for the development of the Total Property, the expenses of which shall be an Operating Expense. Prior to Turnover, no such agreement shall be entered into without the prior written consent of Declarant.

5.03 Disputes as to Use. If there is any dispute as to whether the use of the Committed Property or any portion thereof complies with this Master Declaration, any Supplement, or other Master Documents, such dispute shall be referred to Declarant until Turnover and thereafter to the Owners' Association, and a determination rendered by such Person with respect to such dispute shall be final and binding on all Persons concerned therewith.

(m) Pets: No livestock or poultry shall be kept or raised upon any portion of the Committed Property. Pets shall be prohibited from all portions of the Common Areas except where specifically designated by the Board. An Owner, by the purchase of his Dwelling Unit, agrees to indemnify the Owners' Association and hold it harmless against loss or liability of any kind arising from his having any animal on the Total Property. Neighborhood Declarations may further limit or regulate the keeping of household pets and other animals, and Sub-associations shall have the right to further limit or regulate the keeping of household pets and other animals on that portion of the Total Property within their jurisdiction.

(n) Signs: No sign, advertising or notice shall be permitted on the Total Property unless specifically permitted by the prior written consent of Declarant until Turnover and thereafter the Board. Notwithstanding the foregoing, Declarant reserves the right for itself and its designees to place and maintain signs in connection with construction, marketing, sales and rental of Units and identifying or information signs anywhere on the Committed Property.

(o) Garbage Containers, Oil and Gas Tanks, Air Conditioners, Pool Equipment: All garbage and trash containers, oil tanks, bottled gas tanks, air conditioners, and swimming pool equipment on the Residential Property shall be underground or placed in walled-in areas or landscaped so that they are not visible from any Roadway or an adjacent Dwelling Unit, and adequate landscaping surrounding same shall be installed and maintained.

(p) Maintenance of Premises: (1) No weeds, or other unsightly growth shall be permitted to grow or remain upon any portion of the Residential Property or the Common Areas, and no refuse or unsightly objects shall be allowed to be placed or permitted to remain anywhere thereon. All lawns, landscaping and sprinkler systems shall be kept in a good, clean, neat and

attractive condition, and all lawns and landscaping must be properly maintained through an independent irrigation system. (2) Only biodegradable fertilizers, pesticides and fungicides approved by the United States Environmental Protection Agency and the Florida Department of Environmental Regulation shall be used within Hammock Dunes. (3) To the maximum extent possible, indigenous plants shall be used for landscaping, as may be further set forth in the Development Codes. (4) The Residential Property and the Common Areas, and any Dwelling Units or other Structures thereon, shall be kept in good, safe, clean, neat and attractive condition, and all Structures thereon shall be maintained in a finished, painted and attractive condition. (5) Excepted from the foregoing shall be any portion of the Committed Property owned by Declarant through the period of construction of Dwelling Units or other buildings or improvements thereon. (6) Upon the failure to maintain the premises as aforesaid and upon Owners failure to make such improvements or corrections as may be necessary within ten (10) days of giving of written notice (which written notice does not have to be given in the case of emergency, in which event the Owners' Association may without any prior notice directly and immediately remedy the problem), the Owners' Association may enter upon such premises and make such improvements or corrections as may be necessary, the cost of which shall be paid by the Subassociation or Owner, as the case may be. If any such Owner or Subassociation fails to make payment within fifteen (15) days after requested to do so, then the payment requested shall be a lien in accordance with the provisions of Article 9.02 hereof, or the Owners' Association may bring an action at law or in equity. Such entry by Owners' Association or its agents shall not be a trespass, and by the acceptance of a deed for a portion of the Committed Property or by the recordation of any Subassociation documents, such Person has expressly given the Owners' Association the continuing permission to do so, which permission may not be revoked.

(g) Trucks, Commercial Vehicles, Buses, Recreational Vehicles, Mobile Homes, Boats, Campers and Trailers:

(1) No truck, commercial van, bus, recreation vehicle, mobile home, camper or trailer may be kept on the Committed Property except as set forth in subparagraphs (4) and (5) below, and except for any of such vehicles which are completely enclosed in a garage, or those owned, used or designated by any of the Clubs on Recreational Property or the Common Areas.

(2) No Person shall be permitted to keep any vehicle on the Committed Property which is deemed to be a nuisance or in violation of any Rules. Excepted from the foregoing shall be any vehicles owned, used or designated by Declarant.

(3) Neither Declarant, the Owners' Association nor any Subassociation shall be responsible for any damage or theft to vehicles or the contents thereof parked anywhere on the Committed Property.

(4) Declarant, until Turnover, and thereafter the Board, shall have the right, but not the obligation, to designate certain portions of the Committed Property, which may be relocated or discontinued from time to time, for the parking of trucks, commercial vehicles, buses, recreational vehicles, mobile homes, boats, campers and trailers.

(5) No maintenance or repairs shall be performed on any vehicles upon any portion of the Committed Property except in an emergency situation. All such emergency repairs to disabled vehicles on the Committed Property must be completed within two (2) hours from the immobilization thereof or the vehicle must be removed from the Committed Property. Excepted from this subparagraph (5) shall be Declarant and its designees in connection with and as part of its program of sale, leasing, constructing, marketing, and developing of and within the Total Property and maintenance by the Owners' Association of its vehicles on the Common Areas.

(r) Prohibited Structures: No structure of a temporary character including, but not limited to, trailer, tent, shack, shed, barn or out-building shall be erected on the Committed Property at any time. Excepted from the foregoing shall be Declarant and its designees provided such temporary structures are utilized for construction, sales, or rental purposes.

(s) Nuisances: Nothing may or shall be done on the Committed Property which may be or may become a nuisance. No obnoxious, unpleasant, unsightly or offensive activity shall be carried on, nor may anything be done which can be reasonably construed to constitute a nuisance, public or private in nature. Any questions with regard to the interpretation of this section shall be decided by Declarant until Turnover and thereafter, as to the Residential Property and the Common Areas, the Board, and as to the Recreational Property, the respective Club, whose decision shall be final.

(t) Compliance with Master Documents: Each Owner and his family members, guests, invitees, and lessees and their family members, guests and invitees, and each Subassociation shall be bound by and abide by the Master Documents. The conduct of the foregoing parties shall be considered to be the conduct of the Owner or Subassociation, as the case may be, responsible for, or connected in any manner with, such Person's presence within the Total Property. Such Owner or Subassociation shall be liable to the Owners' Association for any damages to the Owners'

Association or the Common Areas resulting from the act of any of the foregoing parties (but only to the extent that such expense is not met by the proceeds of insurance carried by the Owners' Association) which shall be paid for by the Owner or the Subassociation as a Special Assessment. Failure of an Owner or Subassociation to notify any Person of the existence of the provisions of this Master Declaration shall not act to limit the right of enforcement of the provisions of this Master Declaration against the Owner or the Subassociation or such person and, in addition, the Owner shall be responsible for any and all violations of these provisions by his tenants, delegates, licensees, invitees or guests, and by guests, licensees and invitees of his tenants at any time. Leases of a Dwelling Unit shall require the tenant/lessee to comply with provisions of the Master Documents and shall permit the Owners' Association to enforce any of the lessor's rights thereunder. If these provisions are not specifically set forth in the lease, they nonetheless shall be included by virtue of the provisions of this subparagraph.

(u) No Implied Waiver: The failure of Declarant or Owners' Association to object to an Owners or other Person's, including, without limitation, a Subassociation's, failure to comply with the covenants or restrictions contained herein or any other Master Documents (including the Rules now or hereafter promulgated) shall in no event be deemed a waiver of the provisions of the Master Documents.

(v) Certain Rights of Builders: The provisions of subparagraphs (a), (b), (q) and (r) in Article 6.01 shall not apply to a Builder during the period of construction by it of a Neighborhood, Tract, Common Area, Community Common Area, or Neighborhood Common Area, to the extent that a waiver of such provisions is necessary and appropriate to permit the Builder to engage in the construction activities required for the normal and proper development of same. In the event of any questions regarding the provisions hereof Declarant, until Turnover, and thereafter the Board, shall make a final determination.

(w) Club Nuisance: No Person shall during a golf tournament on any of the Clubs' facilities engage in any activity whatsoever which shall interfere with the players performance during the golf tournament. Further, no obnoxious, unpleasant, unsightly or offensive activity shall be carried on, which shall interfere with the play of such golf tournament. Declarant shall have, in its sole discretion, the absolute right to temporarily suspend as a distraction any and all construction activity occurring on the Committed Property during golf tournaments. Declarant shall provide all Owners so affected with reasonable prior written notice of such golf tournaments and the dates the construction must be suspended and such date shall be a reasonable duration. Declarant shall have no liability for any

additional construction costs incurred by Owners or their contractors during such temporary suspension of construction.

6.02 Approval of Plans, Specifications  
and Locations of Structures

(a) Declarant shall establish, and from time to time modify, Development Codes for the control of the design and location of all Structures and other work, including, without limitation, landscaping within the Committed Property. Different Development Codes based on different design and other criteria may or may not be established for each Land Use Classification and for different Communities, Neighborhoods, or Tracts, as the Declarant or Board shall determine. This Article 6.02 shall be enforceable as provided in Article 14.07.

(b) No Structure shall be commenced, erected, improved, or altered, nor shall any grading, excavation, tree removal, landscaping or change of exterior color or other work which in any way alters the exterior appearance of any Structure, landscaping, other improvement, or of any Common Area, Community Common Area, or Neighborhood Common Area be done without the prior written approval of the Owners' Association acting through its Design Review Committee. Notwithstanding anything contained herein, Declarant reserves the right to assign to any other entity the approval rights specified hereunder for those approvals pertaining to Structures located on any Tract.

(c) Each Person shall, prior to the commencement of any construction, submit the required material to the Design Review Committee, in accordance with the Development Codes.

(d) The approval, rejection or withholding of any approval by the Owners' Association or the Design Review Committee, of the plans, proposals and specifications and the location of all Structures, and every alteration of any Structure, shall not be construed or interpreted as a representation or determination that any building, plumbing, electrical code or other applicable governmental regulations or requirements have or have not been properly met. The approval by the Owners' Association relates only to the aesthetics of the improvements shown on the plans and specifications, and not to their sufficiency or adequacy. Each Person shall be responsible for obtaining all necessary technical data and to make application to and obtain the approval of the appropriate governmental agencies prior to commencement of any work or construction.

(e) The Owners' Association may charge a reasonable fee as part of its approval process hereunder to offset its costs and expenses involved therein. Additionally, the Declarant and the Owners' Association shall have the right to impose some type

OFF REC 0392 PAGE 0380

of assurance requirement upon any Builder or Dwelling Unit Owner pertaining to the construction or modification of any Unit. Such assurance requirement may include, but is not limited to, a cash deposit or performance bond.

(f) The Owners' Association may delegate, on a permanent or temporary basis, any of the rights and powers granted to it in this Article 6.02 to a Subassociation, provided, however, that Declarant's consent to such delegations shall be required prior to Turnover.

(g) Neither the Owners' Association nor the members of the Design Review Committee shall have any duty, responsibility, or liability to any Owner or to any other Person with respect to the exercise of its powers, or the failure to exercise its powers under this Master Declaration. The Owners' Association and the members of the Design Review Committee shall be indemnified and held harmless by such Owner or other person from any and all damages resulting therefrom, including, but not limited to, court costs and reasonable attorneys' fees. The Owners' Association may reject plans, proposals and specifications based on any grounds or reason whatsoever, including purely aesthetic grounds, in its sole and absolute discretion. The decision to approve, reject or withhold its approval may, in the Owners' Association's exercise of discretion, be based upon: (i) the harmony of the Structure's or modification's size, exterior design, color and location in relation to, and its effect upon, surrounding structures, vegetation, topography, Sanctuaries, and the overall community design; (ii) the character of the exterior materials; (iii) the planned quality of the exterior workmanship; (iv) design and construction standards; (v) provisions of the Order; or (vi) any other factor deemed material or relevant.

(h) Any Structure consisting of more than three (3) stories in height shall be equipped with internal fire suppression and protection equipment as more specifically set forth in provision 12.2 of Attachment "A" to the Order, which Attachment is attached to this Declaration as Exhibit "G."

(i) Notwithstanding anything in this paragraph 6.02 to the contrary, the Development Codes and the actions of the Design Review Committee shall not apply to Declarant or any of Declarant's activities, unless otherwise required by the Order.

(j) In accordance with provision 9.3 of Attachment "A" to the Order, no Owner shall permit any construction activity to injure or destroy trees or tree root systems which are identified as protected trees in the Development Codes.

(k) All Structures shall be constructed in accordance with the standards of the "Florida Energy Code", or equivalent standards, as may be established in the Development Codes.

REC 0392 PAGE 0351

(1) All windows and sliding doors which are in Units or Structures located adjacent to any of the Clubs' golf course facilities and which windows and sliding doors face a golf course shall be of a particular type of glass as may be further specified in the Development Codes. No "mirrored" windows or sliding doors shall be permitted.

(2) Notwithstanding anything else provided for herein, no Structure and other work, including landscaping, located on any of the Recreational Property shall be subject to the Development Codes, except for those specific portions of Structures and landscaping which can be viewed from the Residential Property or the Common Areas.

6.03 Declarant's, Owners' Association's, and Design Review Committee's Exculpation and Approvals. Declarant, the Owners' Association and the Design Review Committee or any of their agents may grant, withhold or deny their consent, permission or approval in any instance when their consent, permission or approval is permitted or required at their sole discretion and without any liability of any nature or kind to Owner or any other Person for any reason whatsoever and shall be indemnified and held harmless by such Owner or other person from any and all damages resulting therefrom, including, but not limited to, court costs and reasonable attorneys' fees. Every consent, permission or approval by the Owners' Association or the Design Review Committee or their agents under this Master Declaration shall be in writing and binding upon all Persons.

6.04 Subdivision and Regulation of Land.

(a) No portion of the Committed Property shall be divided or subdivided without the prior written consent of Declarant, who may impose certain requirements on the Owner as a condition of its consent.

(b) An Owner shall not inaugurate or implement any variation from, modification to, or amendment of governmental regulations, land use plans, land development regulations, zoning, the Order, or any other development orders or development permits applicable to Committed Property without the prior written approval of Declarant, until Turnover, and thereafter of the Board.

6.05 Rules. The Owners' Association, through the Board, shall have the right to promulgate and impose Rules and thereafter to modify, alter, amend, rescind and augment any of the same with respect to the use, operation and enjoyment of all or a portion of the Residential Property, the Common Areas, the Community Common Areas and the Neighborhood Common Areas and any

improvements located thereon (including, but not limited to, establishing reasonable fees for the use of facilities and establishing hours and manner of operation).

6.06 Certain Declarant's Rights.

(a) Full Right: Declarant, its successors, designees and assigns shall have the right to make such use of the Committed Property as Declarant shall, from time to time, determine. In recognition of the fact that Declarant will have a continuing and substantial interest in the development and administration of the Total Property, Declarant hereby reserves for itself, its successors, designees and assigns, the right to use all Common Areas, Community Common Areas, Neighborhood Common Areas and all other portions of the Total Property in conjunction with and as part of its program of sale, leasing, construction, marketing, and development including, but not limited to, the right to carry on construction and to enter and transact business, maintain models and sales and rental offices, place signs, employ sales and rental personnel, show Units, and use portions of the Total Property and Units and other improvements owned by Declarant or the Owners' Association for purposes set forth above and for storage of construction materials and for construction and assembling construction components without any cost to Declarant and its successors, nominees and assigns for such rights and privileges. In addition to its other rights to use the Common Areas, Declarant, its successors, designees and assigns, shall have the right to use all or any portion of any building thereon as a sales, rental, or construction office. Any models, sales areas, sales or rental office(s), parking areas, construction office(s), signs and any other designated areas or property pertaining to the sale, construction, marketing, maintenance and repair efforts of Declarant shall not be part of the Common Areas, Community Common Areas and Neighborhood Common Areas and shall remain the property of Declarant or its nominees, as the case may be. Declarant shall have the right to construct, maintain and repair Structures and landscaping and other improvements to be Total Property as Declarant deems necessary or appropriate for the development of the Total Property. Declarant's use of any portion of the Committed Property as provided in this subparagraph (a) shall not be a violation of the Master Documents.

(b) Scope: The rights and privileges of Declarant, its successors, designees and assigns, as herein set forth in subparagraph (a) above are in addition to and in no way limit any other rights or privileges of Declarant, its successors, designees and assigns, under any Master Documents. The provisions of subparagraph (a) above, like other provisions of this Master Declaration, grant or reserve rights to and for Declarant and may not be suspended, superseded or modified in any manner unless same is consented to by Declarant. This right of

use and transaction of business as set forth herein, like Declarant's other rights herein, may be assigned in writing by Declarant in whole or in part as Declarant deems appropriate.

ARTICLE 7

COMMUNITIES, NEIGHBORHOODS, AND TRACTS; SUBASSOCIATIONS

7.01 Communities and Neighborhoods. The Residential Property shall be subjected to Neighborhood Declarations as follows:

(a) In General: Declarant, or a Builder or Land Segment Owner with Declarant's prior written consent, may, but is not required to, subject portions of the Residential Property to Neighborhood Declarations in addition to the provisions of this Master Declaration and any applicable Supplement or other document of record executed or consented to by Declarant. Neighborhood Declarations shall designate that portion of the Residential Property subject thereto and may further restrict such Residential Property including, but not limited, to: (i) the number, type, size, location, and appearance of Dwelling Units that may be constructed thereon; and (ii) the establishment of such other amenities, benefits, covenants, easements, restrictions or provisions as Declarant or a Builder or Land Segment Owner, with Declarant's consent, shall deem appropriate. Neighborhood Declarations shall be consistent with the terms hereof, and in the event of a conflict, the terms of this Master Declaration shall prevail. Each Community shall be comprised of one (1) or more Neighborhoods or Tracts and may also contain Community Common Areas. Each Neighborhood shall be comprised of a group of Dwelling Units and may also contain Neighborhood Common Areas.

(b) Community Common Areas: The Owners' Association shall be responsible to maintain the Community Common Areas primarily serving the residents of the Community. The cost and expense of the Community Common Areas shall be borne by the Owners in the Community primarily benefitted by such Community Common Areas.

(c) Neighborhoods:

(1) Neighborhood Declarations: Dwelling Units constructed in a Neighborhood may be administered by a Neighborhood Association in accordance with its Neighborhood Declaration and other Neighborhood Documents. Neighborhood Declarations shall not violate or conflict with the Order. Neighborhood Declarations shall be approved in writing by Declarant and recorded in the Public Records of the County; provided, however, that Declarant's approval thereof shall not be a representation of Declarant that such Neighborhood Declarations are in compliance with the Order.

(2) Enforcement of Neighborhood Documents: If any Neighborhood Association does not enforce any provision of its Neighborhood Declaration or perform any of its duties and responsibilities pursuant to its other Neighborhood Documents, the Owners' Association shall have the right to enforce such Neighborhood Documents and perform such duties and responsibilities, including any and all maintenance provisions, and obtain the payment of the cost of such enforcement and maintenance. The Owners' Association shall be entitled to reimbursement of attorneys' fees and court costs incurred during the enforcement by it of Neighborhood Documents.

(3) Neighborhood Common Areas:

(i) The cost and expense of the Neighborhood Common Areas shall be borne by the Owners of Dwelling Units located in the Neighborhood and primarily benefitted by such Neighborhood Common Areas as set forth in the Neighborhood Declarations, or otherwise.

7.02 Tracts. Declarant, or a Tract Owner with Declarant's prior written consent, shall have the right to provide for the administration and operation of Tracts as may be set forth in this Master Declaration or a Supplement.

7.03 Certain Rights of Declarant Regarding Subassociations. Declarant hereby reserves the right, and the power, but neither the duty nor the obligation, without the consent of any other Person being required:

(a) To amend the specific provisions of this Master Declaration insofar as they apply to one or more Communities, Neighborhoods, or Tracts without amending those provisions with respect to all such Communities, Neighborhoods, or Tracts.

(b) To determine consistency of all Subassociation Documents with this Master Declaration and Declarant's plan of development, and approve and consent to all Subassociation documents prior to their recordation in the Public Records of the County. Subassociation documents shall not be effective until Declarant approves and consents to same.

(c) To require that specific provisions be included in Subassociation documents as Declarant deems appropriate

including, without limitation, any provisions required to render such Subassociation documents consistent with the requirements of the Order.

(d) To delegate in whole or in part, exclusively or non-exclusively, and on a permanent or temporary basis, to the Owners' Association or any Subassociation any obligation of maintenance or repair created under this Master Declaration or the Order.

(e) To require that the fiscal year of any Subassociation be the same as that of the Owners' Association.

(f) To require that the Owners' Association approve the budget of any Subassociation prior to the approval by the Subassociation.

(g) To create additional Subassociations for the operation, administration and maintenance of any Neighborhood or groups of Neighborhoods, Community or groups of Communities, Tracts or groups of Tracts, or any combination thereof.

7.04 Certain Rights of Owners' Association Regarding Subassociations.

(a) Enforcement: If any Subassociation fails to comply with this Master Declaration, any other Master Documents, or the Order, the Owners' Association shall have the right and power, but neither the duty nor the obligation, to enforce the provisions of this Master Declaration, the other Master Documents, or the Order, and perform such duties and responsibilities under, or seek judicial relief to require compliance with same, and obtain payment of the cost of such enforcement.

(b) Special Assessments: The Owners' Association shall have the right, in addition to any other Assessment rights of the Owners' Association, to specially assess the Owners in a Subassociation and such Subassociation for expenses incurred by the Owners' Association for such Subassociation.

(c) Entry Rights: The Owners' Association shall have the right, for itself, its designee, or any agent or employee, to enter upon any property administered by a Subassociation to carry out the provisions of the Master Documents or the applicable Subassociation documents, and the same shall not constitute a trespass.

(d) Delegation: The Owners' Association shall have the right and power, but neither the duty nor the obligation, to delegate in whole or in part, exclusively or non-exclusively, and on a permanent or temporary basis, to any Subassociation any

OFF REC 0392 PAGE 0386

obligation of maintenance or repair created under this Master Declaration, the Order, or by delegation from Declarant. If a Subassociation does not accept such rights and obligations in a manner consistent with the criteria established by the Owners' Association, then the Owners' Association shall have the right, by its sole act, to terminate such assignment and the Owners' Association shall once again fulfill such rights and obligations.

7.05 Collection of Owners' Association Assessments by Subassociations.

(a) Certain Subassociations shall be responsible to collect Assessments for Operating Expenses from Owners belonging to such Subassociations, unless determined otherwise by the Owners' Association, as set forth more fully in Article 10.01(d) hereof.

(b) The annual budget adopted by each Subassociation shall disclose the current or estimated Assessments to be levied against Owners therein by the Owners' Association.

7.06 Merger of Subassociations. No two (2) Subassociations may merge to form one (1) Subassociation without Declarant's prior written consent. The Subassociation resulting from any such approved merger shall have all of the rights and powers, and all of the obligations, created in the Master Documents regarding the Total Property as did the Subassociations which merged to create it, except as Declarant may otherwise determine.

ARTICLE 8  
MEMBERSHIP; VOTING RIGHTS; PROPERTY UNITS

8.01 Membership.

(a) The Membership of the Owners' Association shall be comprised of the Members, including Declarant. Membership in the Owners' Association shall be established when and as set forth in the Articles of Incorporation of the Owners' Association. Declarant may establish classes of membership, as shall be more fully described in the Articles.

(b) Membership, once established, shall be appurtenant to and may not be separated from ownership of a Unit.

(c) Members' rights, powers, duties and privileges shall be as set forth in the Articles and By-Laws.

8.02 Voting Members. The voting rights of the Members, except Declarant, shall be cast at meetings of the Members by their Voting Members, as more fully set forth in the Articles and

By-Laws. All Voting Members, except for those Voting Members representing Tracts, must be a Member other than Declarant.

8.03 Voting Rights.

(a) Members Other Than Declarant.

(1) Each Dwelling Unit Owner shall be entitled to one (1) vote for each Dwelling Unit owned, which vote shall be exercised by the Voting Member as more fully set forth in the Articles and By-Laws.

(2) Each Land Segment Owner shall be entitled to one (1) vote for each Property Unit owned, which vote shall be exercised by the Voting Member as more fully set forth in the Articles and By-Laws.

(3) The Hammock Dunes Club shall be entitled to a total of twelve (12) votes, which vote shall be exercised by the Voting Member as more fully set forth in the Articles and By-Laws.

(4) The voting rights of any other Tract Owner shall be as may be set forth by Declarant in a Supplement.

(b) Declarant.

Declarant shall have two (2) times the total number of votes of all the Members until Turnover, at which time Declarant shall have the same votes as any other Member for each Dwelling Unit or Property Unit it owns. Declarant shall have the right to cast its own votes in any manner that it desires in its sole discretion.

8.04 Property Units.

(a) At such time as the Declarant executes a Supplement making a Land Segment Committed Property, the number of Property Units assigned to the Land Segment shall be the number of Dwelling Units that are permitted by the Supplement to be constructed thereon, unless such number of Property Units is decreased in an instrument executed and recorded by Declarant, in its sole discretion. Declarant shall incur no liability whatsoever and shall be held harmless if the number of Dwelling Units built upon such Land Segment is more or less than the number permitted by the Supplement.

(b) The number of Property Units assigned to the Land Segment shall be reduced by one (1) for each Dwelling Unit constructed on the Land Segment (i.e., if one hundred (100) Property Units are assigned to a Land Segment and there are twenty-five (25) Dwelling Units constructed on the Land Segment,

OFF REC 0392 PAGE 0337

REC 0392 PAGE 0388

then the Land Segment at that time is obligated for Operating Expenses for only seventy-five (75) Property Units, if the Land Segment Owner is otherwise responsible for its portion of Operating Expenses under this Master Declaration, and the Dwelling Units are obligated for Operating Expenses for, in the aggregate, twenty-five (25) Dwelling Units. When the Land Segment has one hundred (100) Dwelling Units, then the Land Segment no longer has an obligation for Operating Expenses, and the Owners of the Dwelling Units are obligated to pay for each Dwelling Unit owned by them).

(c) Calculations to determine the amount by which the number of Property Units assigned to a Land Segment shall be reduced shall be made on a six (6) month basis, beginning six (6) months after the completion of the first Dwelling Unit. The figure determined every six (6) months shall be used until the next calculation is done six (6) months thereafter by the Owners' Association to determine the allocation of Operating Expenses between the Land Segment and Dwelling Units. The Builder or Subassociation responsible for collecting Assessments for Operating Expenses for such Property Units, if any, shall perform the calculation required hereunder and shall certify same to the Owners' Association, provided that such Builder or Subassociation shall be liable for any incorrect certifications.

(d) If the Land Segment Owner builds fewer Dwelling Units than the number of Property Units assigned to the Land Segment, then the Land Segment Owner may petition Declarant, in a sworn petition, requesting a reduction in the number of Property Units assigned to such Land Segment. Declarant, in its sole discretion, may so reduce the number of Property Units assigned to such Land Segment. If Declarant does so reduce the number of Property Units assigned to a Land Segment, the same shall be reflected in a written instrument executed by Declarant which shall be recorded in the Public Records of the County and same shall have the effect of reducing the maximum number of Dwelling Units which may ultimately be constructed on such Land Segment and the obligation of the Land Segment Owner to pay Operating Expenses for Property Units assigned to the Land Segment all as set forth in such instrument executed by Declarant.

(e) Any dispute as to the number of Property Units assigned to a Land Segment shall be decided by Declarant whose decision shall be final.

9.01 Affirmative Covenant to Pay Operating Expenses. There is hereby imposed upon each Unit, each Community, each

Neighborhood, each Tract and each Subassociation, the affirmative covenant and obligation to pay to the Owners' Association all Assessments. Each Subassociation, as set forth in Article 10.01(d) hereof, shall have the obligation to collect the Assessments for the Units subject to Assessments it administers or controls and pay same to the Owners' Association when such Assessment is due; provided, however, that the Owners' Association may, in its sole discretion, elect to collect Assessments from particular Subassociations or directly from Owners. Each Owner, by acceptance of a deed or other instrument of conveyance conveying a Unit, whether or not it is so expressed in such deed or instrument, shall be obligated and agrees to pay all Assessments for Operating Expenses, including, but not limited to, any then past due in accordance with the provisions of this Master Declaration and consents and agrees to the lien rights hereunder against such Unit. The liability for Assessments for Operating Expenses is personal to the Owner and the Owners grantees and may not be avoided by waiver of the use or enjoyment of Common Areas or by abandonment of the Unit for which the Assessments are made provided that no Owner shall be personally liable for Assessments due prior to the date Owner obtains title to the Unit. Neither liability for Assessments nor the amount of Assessments shall be reduced or avoided due to the fact that all or a portion of the Common Areas or other portions of the Total Property are not complete.

9.02 Establishment of Liens. Any and all Assessments made by the Owners' Association in accordance with the provisions of this Master Declaration, together with interest at the rate of eighteen (18%) percent per annum, or at any other rate which may from time to time be established by the Board, provided that the rate never exceeds the highest rate allowed by law, and costs of collection, including, but not limited to, reasonable attorneys' fees at all trial and appellate levels are hereby declared to be (i) a charge and continuing lien upon the Unit against which each such Assessment is made, and (ii) the personal obligation of the Owner of each such Unit assessed. Pursuant to the provisions of Article 10.01, a lien against a Unit shall be a lien against the Neighborhood or Community or Tract of which it is a part. Said lien shall be effective only from and after the time of the recordation amongst the Public Records of the County of a written, acknowledged claim of lien by the Owners' Association setting forth the amount due to the Owners' Association as of the date the claim of lien is signed. Upon full payment of all sums secured by that lien, the Person making payment shall be entitled to a satisfaction of the claim of lien in recordable form. The lien of the Assessments and any late costs thereon provided for herein shall be subordinate to the lien of any first mortgage now or hereafter placed upon the Unit by an Institutional Mortgagee of record. When an Institutional Mortgagee holding a first mortgage of record obtains title to a Unit as a result of foreclosure of its mortgage, such acquirer of title, its

OFF REC 0392 PAGE 0390

successors or assigns, shall not be liable for the share of Assessments pertaining to such Unit or chargeable to the former Owner thereof which became due prior to the acquisition of title as a result of the foreclosure, unless the Assessment against the Unit in question is secured by a claim of lien for Assessments that is recorded prior to the recordation of the mortgage which was foreclosed. The unpaid share of Operating Expenses or Assessments shall be collectible from all of the Owners, including such acquirer and his successors and assigns.

9.03 Collection of Assessments. If any Owner or Subassociation shall fail to pay Assessments, or any installments thereof charged to such Owner or Subassociation, within fifteen (15) days after the same becomes due, then the Owners' Association shall, in its sole discretion, have any and all of the following remedies, to the full extent permitted by law, which remedies are cumulative and which remedies are not in lieu of, but are in addition to, all other remedies available to the Owners' Association:

(a) To accelerate the entire amount of any Assessments for twelve (12) months from the date of the last overdue Assessment based on the then current Assessment amount, notwithstanding any provisions for the payment thereof in installments; provided that in the event of an increase in the Assessment amount in the next year's Budget, such Owner or Subassociation shall be liable for the increase at such time as the increased Assessment becomes due.

(b) To advance on behalf of the Owner or Subassociation in default funds to accomplish the needs of the Owners' Association up to and including the full amount for which such Owner(s) or Subassociation is liable to the Owners' Association and the amount or amounts of monies so advanced together with interest at the highest rate allowed by law (and if there is no limit established by law, then as established by the Owners' Association), and all costs of collection thereof including, but not limited to, reasonable attorneys' fees at all trial and appellate levels, may thereupon be collected by the Owners' Association and such advance by the Owners' Association and such advance by the Owners' Association shall not be deemed a waiver of the default.

(c) To file an action in equity to foreclose its lien at any time after the effective date thereof. The lien may be foreclosed by an action in the name of the Owners' Association in like manner as a foreclosure of a mortgage on real property.

(d) To file an action against the Owner or Subassociation at law to collect said Assessment plus interest at the highest rate allowed by law plus court costs and reasonable attorneys' fees at all trial and appellate levels without waiving

any lien rights or rights of foreclosure in the Owners' Association.

9.04 Collection by Declarant. Until Turnover, if for any reason the Owners' Association shall fail to collect the Assessments, then in that event, Declarant shall at all times have the right, but not the obligation: (1) to advance such sums as the Owners' Association could have advanced as set forth above; and (2) to collect such Assessments and, if applicable, any such sums advanced by Declarant, by using the remedies available to the Owners' Association as set forth above which remedies (including, but not limited to, recovery of attorneys' fees) are hereby declared to be available to Declarant.

9.05 Rights to Pay Assessments and Receive Reimbursement. Declarant and any Institutional Mortgagees shall have the right, but not the obligation, jointly or severally, and at their sole option, to pay any of the Assessments which are in default and which may or have become a charge against any Unit. Further, Declarant until Turnover shall have the right, but not the obligation, at its sole option, to pay insurance premiums or fidelity bond premiums or other required items of Operating Expenses on behalf of the Owners' Association when the same are overdue and when lapses in policies or services may occur. Declarant shall be entitled to immediate reimbursement for such overdue Operating Expenses so paid from the Owners' Association plus any costs of collection including, but not limited to, reasonable attorneys' fees.

9.06 Working Capital Fund. The initial grantee of any Dwelling Unit shall be required to pay to the Owners' Association for that Unit an amount equal to one-sixth of the Unit's share of the annual Operating Expenses. Each Unit's share of the working capital fund must be collected and transferred to the Owners' Association at the time of closing of the sale of each Unit and maintained in an account for the use and benefit of the Owners' Association. The purpose of the fund is to insure that the Board will have cash available to pay any utility deposits which may be required for the Common Areas, to meet unforeseen expenditures or to acquire additional equipment or services deemed necessary or desirable by the Board. Amounts paid into the working capital fund are not to be considered as advance payment of regular assessments.

ARTICLE 10  
METHOD OF DETERMINING ASSESSMENTS

10.01 Determining Amount of Assessments.

(a) Budget. The total anticipated Operating Expenses for each calendar year shall be set forth in a budget (the "Budget") adopted by the Owners' Association not later than

October 1st of the calendar year preceding the calendar year for which the Budget is being adopted.

(b) Units Subject to Assessments:

(1) A Dwelling Unit shall be subject to Assessments when it has received a certificate of occupancy from the applicable governmental entity, or upon conveyance of the Dwelling Unit from the Declarant or Land Segment Owner, whichever occurs first, or as may otherwise be set forth in a Supplement.

(2) A Land Segment shall be subject to Assessments upon the earlier of: (i) one (1) year after Declarant or Additional Owner conveys legal title of such Land Segment to a Land Segment Owner; or (ii) the issuance of a certificate of occupancy for at least one (1) Dwelling Unit located on the Land Segment; or (iii) upon such other time as is set forth in the contract for purchase and sale of the Land Segment or such other written instrument between Declarant and such Land Segment Owner or an Additional Owner and such Land Segment Owner, if approved in writing by Declarant.

(3) A Tract shall be subject to Assessments at such time as may be set forth by Declarant in the Articles or a Supplement.

(c) Assessments Against Units. The total anticipated Operating Expenses shall be apportioned to determine the Assessment against each Unit as follows:

(1) Values Assigned to Units:

(i) There shall be assigned to each Dwelling Unit that is subject to Assessments a Value of one (1).

(ii) There shall be assigned to each Land Segment that is subject to Assessments a Value of one (1) for each Property Unit assigned to such Land Segment, as such number of Property Units may be modified in accordance with the provisions of this Master Declaration.

(iii) There shall be assigned to the Hammock Dunes Club Tract a Value of twelve (12).

(iv) There shall be assigned to each other Tract, including those Tracts developed in conjunction with any of the Clubs to be established in the future, that is subject to Assessments a Value as may be set forth by Declarant in a Supplement.

(2) Assessments Determined. The Base Assessment against each Unit subject to Assessments shall be the product

011 REC 0392 PAGE 0393

arrived at by multiplying the total anticipated Operating Expenses reflected by the Budget, other than those Operating Expenses which are properly the subject of a Special Assessment, Community Assessment or a Neighborhood Assessment, by a fraction, the numerator of which is the Value of the Unit and the denominator of which shall be the total of all Values of all Units subject to Assessments in existence as of the date the Budget was adopted; provided, however, that during the period during which Declarant is responsible for the difference between the amount of Assessments payable by Owners other than Declarant and the actual Operating Expenses, as set forth in Article 10.04(b), said denominator shall be 1465. The total number of Units subject to Assessments will be adjusted from time to time in accordance with this Master Declaration. All questions regarding the number of Units subject to Assessments in existence shall be determined by Declarant until Turnover and thereafter by the Board. The total Assessment due from each Unit shall be the Base Assessment plus the appropriate amount of Special Assessments, Community Assessments and Neighborhood Assessments, as set forth in Articles 10.03, 10.05, and 10.06 below, if any.

(d) Collection of Assessments by Subassociations.

(1) Dwelling Units. The Assessment against Dwelling Units which are subject to Assessments shall be in the aggregate assessed against the Neighborhood in which they are located and, if applicable, the Subassociation operating same and shall be assessed and collected by such Subassociation in the same manner as the Subassociation collects shared expenses. If a Dwelling Unit which is subject to Assessments is not administered by a Subassociation, the Owners' Association shall be responsible to collect the Assessments, unless the Owners' Association determines otherwise. The Owners' Association's collection rights pursuant to Article 9.03 shall be as to all such Units subject to Assessments and their Owners and to the Subassociation administering each Neighborhood.

(2) Tracts.

(i) The Assessment against the Hammock Dunes Club Tract shall be in the aggregate assessed against the Hammock Dunes Club.

(ii) The Assessment against other Tracts, including those Tracts developed in conjunction with any of the Clubs to be established in the future, shall be assessed as may be set forth by Declarant in a Supplement. The Assessment against other Tracts shall be determined solely by Declarant, but such Assessment shall be reasonable in comparison to the Assessment assessed against the Hammock Dunes Club.

REC 0392 PAGE 0394

(3) The Owners' Association, in its sole and absolute discretion, shall have the right to exercise its collection and lien rights hereunder against the particular Owner who has not paid his portion of the Assessments or may release its lien from a Unit whose Owner has paid this portion of the Assessments.

10.02 Adjustment of Assessment Payments. The Assessments and installments thereof may be adjusted from time to time by the Owners' Association to reflect changes including, but not limited to, changes in the number of Values attributed to Units which are subject to Assessments. When a Unit first becomes subject to Assessments or if a new Value is assigned to a Unit already subject to Assessments, such Unit shall be deemed assessed the amount of such Assessment or installment thereof which would have been assessed against such Unit if it had such Value at the time such Assessment was originally made, prorated from the date the Unit received such Value through the end of the Assessment period in question.

10.03 Special Assessments. Special Assessments include, in addition to other Assessments designated as Special Assessments, whether or not for a cost or expense which is included within the definition of Operating Expenses, those Assessments levied for capital improvements, which include the costs (whether in whole or in part) of constructing or acquiring improvements for or on the Common Areas or the cost (whether in whole or in part) of reconstructing or replacing such improvements, and Assessments levied against Owners or Subassociations for the cost of enforcement and maintenance by the Owners' Association pursuant to Subassociation documents. Special Assessments shall be paid in such installments or in a lump sum as the Owners' Association shall, from time to time, determine. **DECLARANT OR ANY OF THE CLUBS SHALL NEVER BE OBLIGATED TO PAY SPECIAL ASSESSMENTS, AND PROPERTY OWNED BY DECLARANT SHALL NEVER BE ASSESSED FOR SAME.**

10.04 Liability of Owners for Assessments.

(a) Liability Imposed: By the acceptance of a deed or other instrument of conveyance of a Unit, each Owner thereof acknowledges that each Unit and the Owners thereof are jointly and severally liable for their own Base Assessment and their applicable portion of any Special Assessments, Neighborhood Assessments or Community Assessments. Such Owners further recognize and covenant that they are jointly and severally liable with the Owners of all Units subject to Assessments for the Operating Expenses. Accordingly, it is recognized and agreed by each Owner whose Unit is or becomes subject to Assessments, for himself and his heirs, executors, successors and assigns, that in the event Owners of Units subject to Assessments fail or refuse to pay any Base Assessments against their Units or any portion thereof or their respective portions of any Special Assessments,

OFF 0392 PAGE 0395

Neighborhood Assessments or Community Assessments, then the other Owners of Units subject to Assessments may be responsible for increased Base Assessments or Special Assessments, due to the nonpayment by such other Unit Owners, and such increased Assessment or Special Assessment can and may be enforced by the Owners' Association and Declarant in the same manner as all other Assessments hereunder as provided in this Master Declaration.

(b) Declarant Liability for Assessments: Beginning on the date of the recordation hereof, and for so long as Declarant has any interest in the Total Property or until such earlier time as Declarant in its sole discretion shall determine, Declarant shall not pay Assessments (including, but not limited to, Assessments for "Reserves", as defined in Article 11.14) on Units it owns, but shall pay the difference, if any, between the amount of Assessments payable by Owners other than Declarant and the actual Operating Expenses incurred by the Owners' Association for each Assessment period.

10.05 Community Assessments. The Assessment against a Unit subject to Community Assessments shall be the product arrived at by multiplying that portion of the total anticipated Operating Expenses reflected by the Budget which is properly the subject of Community Assessments against the Members of a particular Community, other than those Operating Expenses which are properly the subject of a Special Assessment, by a fraction, the numerator of which is the value of the Unit and the denominator of which shall be the total of all Values of all Units subject to Community Assessments for a particular Community in existence as of the date the Budget was adopted.

10.06 Neighborhood Assessments. The Assessment against a Unit subject to Neighborhood Assessments shall be the product arrived at by multiplying that portion of the total anticipated Operating Expenses reflected by the Budget which is properly the subject of Neighborhood Assessments against the Members of a particular Neighborhood, other than those Operating Expenses which are properly the subject of a Special Assessment, by a fraction, the numerator of which is the Value of the Unit and the denominator of which shall be the total of all Values of all Units subject to Neighborhood Assessments for a particular Neighborhood in existence as of the date the Budget was adopted.

13.01 Installation. Declarant hereby reserves unto itself and its designees, successors, assignees and licensees the right, but not the obligation, to construct or install or to contract with any party to construct or install over, across and upon any portion of the Committed Property for the use of the Owners' Association, Subassociations, Owners and their permitted or authorized guests, invitees, tenants and family members, the System, the exact description, location and nature of which have not yet been fixed or determined. Declarant shall have and hereby reserves to itself and its designees, successors, assignees and licensees a perpetual and exclusive right, privilege, easement and right-of-way for the installation, construction and maintenance of the System, the scope, extent, size and location of which over, across, upon and through the Committed Property shall be determined solely by Declarant, its successors, designees and assigns, together with a perpetual and exclusive right and privilege of: (i) unlimited ingress and egress thereto for installing, constructing, inspecting, maintaining, altering, moving, improving and replacing the facilities and equipment constituting the System including, without limitation, any towers, antennas, conduits, wires, cables, lines, panels, boxes, housings, connections, insulators and amplifiers necessary or desirable to receive and distribute services of the System including, without limitation, television and radio signals, electronic banking, surveillance, fire, police and medical protection, and other emergency services; and (ii) transmitting (the facilities and equipment of which shall be owned and exclusively controlled by Declarant, its successors and assigns or its designees).

13.02 System Services. Declarant, and after Turnover the Owners' Association, shall have the right to contract (exclusively or non-exclusively) for the provision of the System as Declarant, and after Turnover the Owners' Association, shall deem in its sole discretion to be in the best interests of the Total Property. (1) The Owners' Association shall impose, along with Assessments, the amount of the basic fees due and payable from Units for the System and shall collect same and forthwith remit the amount collected to the company or companies with which Declarant or the Owners' Association has contracted for the furnishing of System services (the "Contractual Designee"). In the event a Subassociation collects Assessments as set forth in

Article 10.01(d)(1), the Subassociation shall likewise collect the basic fees due and payable from Units for the System and so remit the same.

(2) Every Dwelling Unit Owner hereby agrees that the Owners' Association and Subassociation collecting basic cable television and other fees and their respective successors and assigns shall have a lien upon such Dwelling Unit for the respective charges.

(3) Any Institutional Mortgagee becoming a Dwelling Unit Owner by reason of foreclosure of its mortgage or by accepting a deed in lieu thereof shall be excused from the payment of fees while it is such Owner and has not placed any other person in possession of such Dwelling Unit. When an Institutional Mortgagee or other Owner of a Dwelling Unit obtains title to the Dwelling Unit as a result of the foreclosure of an Institutional Mortgagee, such acquirer of title, its successors and assigns, shall not be liable for the payment of the aforementioned charges pertaining to such Dwelling Unit which became due prior to acquisition of title in the manner provided above.

(4) The Contractual Designee may impose such additional charges for optional System Services as are consistent with rates for services as approved by any local governmental agency having jurisdiction over the franchising of such services. Such services shall not be mandatory and charges therefor shall be individually billed to the Dwelling Unit Owner.

(b) Declarant may excuse portions of the Committed Property from the provisions of this Article 13 which, in the determination of Declarant, have uses for System services inconsistent with the overall design of such services in the Total Property as a whole.

(c) The provisions of this Article 13 shall be effective for a period of fifteen (15) years from and after the date of recordation of this Master Declaration after which time they shall be extended, automatically, for successive periods of fifteen (15) years initially and two (2) ten (10) year periods thereafter provided that upon demand of Declarant or the Owners' Association, or their successors and assigns, given at least one (1) year prior to the expiration of each term, the Contractual Designee or Designees, their successor and assigns, update their Systems to the then current state-of-the-art as determined by agreement or, in its absence, by arbitration.

(d) Enforcement of the contract shall be by an appropriate action at law or in equity against any Persons violating or attempting to violate any covenants contained therein. The bringing of one action shall not constitute an

election of remedies or exclude the bringing of another action. When the Contractual Designee enforces the provisions of this Article 13, it shall be entitled to payment of court costs and reasonable attorneys' fees and expenses.

13.03 Conveyance of System. Declarant hereby reserves the right, but shall not be obligated (including after Turnover), to convey, transfer, sell or assign (hereinafter collectively in this Article 13.03 referred to as "convey") any or all of the System, or the rights, duties or obligations arising out of the administration and operation of the System to the Owners' Association, any Subassociation, or any other Person. All rights of Declarant in and to such portion of the System conveyed shall transfer to the recipient of such rights regarding the System. There may be more than one recipient of the System. The System shall be conveyed by Declarant only to Persons providing System services to that portion of the Committed Property served thereby. If Declarant conveys the System or any portion thereof to the Owners' Association, the System shall become Common Areas. Declarant shall determine all terms of any conveyance of the System, which terms may include, without limitation, that (i) the conveyance be made with nominal consideration, (ii) no Person's consent or approval of the conveyance be required, (iii) in the event the conveyance is to the Owners' Association, such conveyance shall be automatically accepted, and (iv) all costs and expenses of closing the conveyance shall be borne by the Person to whom the System is being conveyed.

13.04 Disclaimer. DECLARANT AND THE OWNERS' ASSOCIATION EXPRESSLY DISCLAIM ANY GUARANTEE OR WARRANTY OF THE MERCHANTABILITY OR FITNESS FOR USE OF THE SYSTEM, OR ANY PORTION THEREOF, OR THAT THE SYSTEM OR ANY PORTION THEREOF WILL PREVENT INTRUSION, FIRES OR OTHER OCCURRENCES, OR THE CONSEQUENCES OF SAME, REGARDLESS OF THE PURPOSE OF THE DESIGN OF THE SYSTEM OR PORTION THEREOF. FURTHER, DECLARANT, THE OWNERS' ASSOCIATION, SUBASSOCIATIONS, BUILDERS, AND CONTRACTUAL DESIGNEES STATE, AND THE PERSONS SERVED BY THE SYSTEM ACKNOWLEDGE, THAT THE OPERATION OF THE SYSTEM DOES NOT RENDER ANY OF THE AFORESAID PARTIES INSURERS OF THE PROPERTY OR SAFETY OF THE PERSONS SERVED THEREBY. SUCH PARTIES FURTHER ASSUME NO LIABILITY FOR ANY LOSS OR DAMAGE TO PERSONAL PROPERTY RESULTING, WHETHER PROXIMATE OR OTHERWISE, FROM ANY FAILURE OR ALLEGED FAILURE OF THE SYSTEM OR ANY PORTION THEREOF, NEGLIGENCE OF THE CONTRACTUAL DESIGNEE, OR ACTS OF GOD.

ARTICLE 14  
GENERAL AND PROCEDURAL PROVISIONS

14.01 Subordination. Declarant and the Owners' Association agree that their respective interests as provided for in this Master Declaration shall be and are subordinate to the lien, encumbrance and operation of any existing (as of the date

OFF 0392 PAGE 0106

hereof) mortgages encumbering any portion of the Total Property and any additional replacement or subsequent mortgages obtained by Declarant for the purpose of financing the construction of improvements to take place upon any portion of the Total Property. While the provisions of this Article are self-operative, the Owners' Association nevertheless agrees to execute such instruments in recordable form as may be necessary or appropriate to evidence the foregoing subordination of their respective interest to any such mortgages and shall do so forthwith upon request of Declarant.

14.02 Master Declaration Runs With Committed Property; Term. The covenants, reservations, restrictions and other provisions of this Master Declaration shall run with and bind the Committed Property and shall inure to the benefit of Declarant and all Owners, their respective legal representatives, heirs, successors and assigns, for a term of ninety-nine (99) years from the date this Master Declaration is recorded, after which time this Master Declaration shall automatically be extended for successive periods of ten (10) years, unless an instrument signed by at least two-thirds (2/3) of the Members has been recorded agreeing to change or terminate (if not prohibited by other provisions of this Master Declaration), this Master Declaration in whole or in part.

14.03 Owners' Association Delegation. The Owners' Association shall have the right to delegate any of its rights, powers, or obligations under this Master Declaration or other Master Documents to a Subassociation; provided, however, that until Turnover, Declarant first consent thereto in writing. Additionally, the Owners' Association shall have the right and the power, but neither the duty nor the obligation, to delegate or to contract in whole or in part, exclusively or non-exclusively, and on a permanent or temporary basis, to or with the DCDD or any other Person concerning any obligation of maintenance, operation or repair created under this Master Declaration, the Order or by delegation from Declarant.

14.04 Completion of Construction - Remedy. Once the construction of any Structure is begun, work thereon must be prosecuted diligently and completed within a reasonable time. If for any reason work is discontinued or there is no substantial progress toward completion, for a continuous sixty (60) day period, Declarant shall have the right to notify the Owner of its intentions, enter the Unit and take such steps as might be required to correct the undesirable appearance or existence of the Structure including, but not limited to, demolition or removal thereof, or pursue any of the remedies under this Master Declaration. The reason for such correction may include but not be limited to aesthetic grounds. The Owner shall be liable for all costs and attorneys' fees incurred in such action which shall be a continuing lien against said Unit collectable in accordance

with Article 9.03. Declarant shall have the right in its sole discretion to delegate its rights under this Article 14.04 in whole or in part to the Owners' Association or any Subassociation. This Article 14.04 shall not apply to Structures located on any Recreational Property.

14.05 Non-Liability of Declarant. Declarant shall not in any way or manner be held liable or responsible for any violation of this Master Declaration by any Person other than Declarant. Additionally, NEITHER DECLARANT NOR OWNERS' ASSOCIATION MAKE ANY REPRESENTATIONS WHATSOEVER AS TO THE SECURITY OF THE PREMISES OR THE EFFECTIVENESS OF ANY MONITORING SYSTEM OR SECURITY SERVICE. ALL MEMBERS AGREE TO HOLD DECLARANT AND THE OWNERS' ASSOCIATION HARMLESS FROM ANY LOSS OR CLAIM ARISING FROM THE OCCURRENCE OF ANY CRIME OR OTHER ACT.

14.06 Amendment of Master Declaration.

(a) In addition to any other right of amendment or modification provided for in this Master Declaration, in which case those provisions shall apply, Declarant shall have the right until Turnover, in its sole discretion and by its sole act without the joinder or consent of any Person, unless provided otherwise herein, by an instrument filed of record, to modify, enlarge, amend, delete, waive or add to provisions of this Master Declaration; provided, however, that the Owners' Association shall, forthwith but not more than ten (10) days after request of Declarant, join in any such amendments or modifications and execute such instruments to evidence such joinder and consent as Declarant shall, from time to time, request. Failure to so join and consent to an amendment or modification, if any, shall not be cause to prevent such modification or amendment from being made by Declarant or to affect the validity thereof.

(b) Except as set forth in subparagraph (a) above, the process of amending or modifying this Master Declaration shall be as follows:

(1) Until Turnover, all amendments or modifications shall be first approved in writing by Declarant.

(2) Regarding the determination of Assessments and voting rights, (a) by the vote of two-thirds (2/3) of all Members, together with (b) the approval or ratification of a majority of the Board. The aforementioned vote of the Members may be evidenced by an instrument of writing signed by the required number thereof or by the affirmative vote of the required number thereof at any regular or special meeting of the Owners' Association called and held in accordance with the By-Laws, evidenced by a certificate of the Secretary or an Assistant Secretary of the Owners' Association. All other amendments, including, without limitation, amendments for correction of

scrivener's errors or other defects in the Master Documents, may be made by Declarant alone until Turnover and thereafter by the Board alone without the need of consent of the Owners.

(3) Supplements are not amendments and need only be executed by Declarant alone.

(4) No amendment to this Master Declaration or any other Master Documents shall be effective which shall affect the operation or application of the Order regarding any portion of the Total Property without the prior written approval of the County.

(5) After Turnover, a true copy of any amendment to this Master Declaration shall be sent via certified mail by the Owners' Association to Declarant within five (5) days of its adoption.

(6) Notwithstanding anything to the contrary herein contained, no amendment to this Declaration shall be effective which shall impair or prejudice the rights or priorities of Declarant, the Owners' Association, or any of the Clubs, under this Declaration or any other of the Master Documents without specific written approval of such Declarant, Owners' Association, or Club affected thereby.

#### 14.07 Enforcement.

(a) Declarant reserves unto itself and its designees the right and the power (i) to enforce the covenants, conditions, restrictions, and other provisions of this Master Declaration, and (ii) to delegate or assign, either exclusively or non-exclusively, any or all of its rights, powers, duties or privileges hereunder to the Owners' Association, a Subassociation, an Owner, the DCDD, or to any other designee.

(b) If Declarant does not enforce the covenants, conditions, restrictions or other provisions of this Master Declaration, then the following parties may in the following priority enforce same as hereinafter set forth: (1) the Owners' Association; (2) a Subassociation. If a party with a lesser priority desires to enforce this Master Declaration, then that party must first give thirty (30) days' written notice to the parties with higher priority, starting first with Declarant, that the noticing party intends to initiate enforcement upon the expiration of such thirty (30) day period, and if during such period the parties with the higher priority do not initiate enforcement procedures then the party of the lesser priority may so initiate such enforcement procedures. A party not initiating enforcement procedures shall incur no liability whatsoever for such non-enforcement.

OFF REC 0392 PAGE 0409

(c) Declarant, its designees or any other party having the right to enforce this Master Declaration, if any, pursuant to subparagraph (b) above, shall have the right and the power to enforce the covenants, conditions, restrictions and other provisions imposed by this Master Declaration by any proceeding at law or in equity against any Person or entity violating or attempting violation of such provisions, and to enforce any lien created by this Master Declaration. Failure by Declarant, or the Owners' Association, or a Subassociation, to enforce any of such provisions shall in no event be deemed a waiver of its right to do so thereafter.

(d) The costs and attorneys' fees, including those resulting from any appellate proceedings, incurred by Declarant or its designees or a party having the right to enforce this Master Declaration, if any, pursuant to subparagraph (b) above, who prevails in any such enforcement action, in any action against a Person or entity to enforce any provision of this Master Declaration shall be a personal obligation of such Person or entity which shall be paid by such Person or entity.

14.08 Fines. In addition to all other remedies provided for in this Master Declaration, the Owners' Association shall have the right to impose a fine on an Owner or Subassociation for failure of an Owner, his family members, guests, invitees, tenants and licensees, or Subassociation to comply with any provisions of this Master Declaration or the other Master Documents; provided, however, the Owners' Association grants reasonable notice and opportunity to be heard. The decisions of the Owners' Association shall be final. Fines shall be in such reasonable amounts as the Owners' Association shall determine. Fines shall be considered a Special Assessment against the Owners Unit or other common properties of such Subassociation, as appropriate. The Owners' Association shall have the right to collect fines in the same manner as set forth in Article 9.03 hereof.

14.09 Severability. If any provision of this Master Declaration is held to be invalid in whole or in part by any court of competent jurisdiction, then such holding shall in no way affect the validity of the remaining provisions of this Master Declaration, all of which shall remain in full force and effect, and such holding shall be limited to its most narrow application.

14.10 Dissolution. In the event of dissolution of the Owners' Association, each Unit shall continue to be subject to the Assessments specified in this Master Declaration and each Member shall continue to be personally obligated to Declarant or the successors or assigns of the Owners' Association, as the case may be, for such assessment to the extent that such Assessments are required to enable Declarant or any such successors or

assigns acquiring any real property previously owned by the Owners' Association to properly maintain, operate and preserve it. The provisions of this Article 14.10 shall only apply with regard to the maintenance, operation and preservation of property which has been Common Areas, Community Common Areas and Neighborhood Common Areas, and continues to be so used for the common use and enjoyment of the Owners.

14.11 Gender. Wherever in this Master Declaration the context so requires, the singular number shall include the plural, and the converse; and the use of one gender shall be deemed to include the other gender.

14.12 Notices.

(a) To Declarant: Notice to Declarant shall be in writing and delivered or mailed to Declarant at its principal place of business as shown by the records of the Secretary of State of Florida, or at any other location designated by Declarant.

(b) To Owners' Association: Notice to the Owners' Association shall be in writing and delivered or mailed to the Owners' Association at its principal place of business as shown by the records of the Secretary of State of Florida, or at any other location designated by the Owners' Association.

(c) To Member: Notice to any Member of a violation of any of these restrictions, or any other notice as may be required herein, shall be in writing and delivered or mailed to the Owner at the address shown on the tax rolls of the County or to the address of the Member, as shown on the deed recorded in the Public Records of the County, or to the address of the Member as filed with the Secretary of the Owners' Association, or if a Member is a corporation, to its principal place of business as shown by the records of the Secretary of State of Florida or its state of incorporation.

(d) A notice of each annual or special meeting of the Owners' Association, stating the purpose thereof, as well as the time and place where it is to be held, shall be served upon each Voting Member as shown on the records of the Owners' Association, and Declarant at least forty (40), but not more than sixty (60), days prior to such meeting. The Owners' Association's Voting Members shall notify their constituency of any such meetings, provided, however, that the failure of a Voting Member to do so shall not affect the validity of the meeting. A notice mailed or delivered in the manner provided herein shall be considered duly served.

(e) Upon receipt by the Owners' Association from any Institutional Mortgagee of a copy of the mortgage held by such

REC 0392 PAGE 0411

Institutional Mortgagee on a Dwelling Unit, together with a written request from such Institutional Mortgagee specifying the address to which the following items are to be sent, the Owners' Association shall timely send to such Institutional Mortgagee the following (until the Owners' Association receives a written request from such Institutional Mortgagee to discontinue sending the following items or until the mortgage is discharged of record):

(1) A copy of any notice of a meeting of the Owners' Association or of the Board which is thereafter sent to the Owner of such Dwelling Unit; and

(2) A copy of any financial statement of the Owners' Association which is thereafter sent to the Owner of such Dwelling Unit; and

(3) Written notice of any termination by the Owners' Association of any professional management of the Common Areas, and the assumption by the Owners' Association of the self-management of the Common Areas; and

(4) Thirty (30) days' prior written notice of the cancellation or termination by the Owners' Association of any policies of insurance covering the Common Areas or any improvements thereon, or any fidelity bonds of the Owners' Association as required pursuant to Article 11 hereof, as well as copies of any notices of cancellation by others received by the Owners' Association with respect thereto; and

(5) Written notice of any damage or destruction to the improvements located on the Common Areas which affects a material portion of the Common Areas; and

(6) Written notice of any condemnation or eminent domain proceeding or proposed acquisition arising therefrom with respect to the Common Areas; and

(7) Written notice of any material amendment to, or the abandonment or termination of, this Master Declaration in accordance with the terms hereof or of any proposed action which would require the consent of Institutional Mortgagees; and

(8) Written notice of any failure by an Owner owning a Dwelling Unit encumbered by a first mortgage held by such Institutional Mortgagee to perform his obligations under the Master Documents, including, but not limited to, any delinquency in the payment of any Assessments where such failure or delinquency has continued for a period of sixty (60) days.

The failure of the Owners' Association to send any such notice to any such Institutional Mortgagee shall

have no effect on any meeting, act or thing which was to have been the subject of such notice, nor affect the validity thereof.

14.13 Other Documents; Priority of Documents. Declarant, the Owners' Association, any Subassociation, or other entity provided for herein or in any applicable recorded instrument shall have such rights, powers, duties, and privileges as set forth herein or in the Articles of Incorporation, By-Laws and other constituent documents of such entity; however, no such entity may have rights, duties, powers or privileges that are in conflict with the provisions of this Master Declaration or the other Master Documents, which Master Documents shall prevail in all events of conflict. In the event of any conflict among the Master Documents, the following documents shall control in the order stated: this Master Declaration and amendments, the Articles, the By-Laws, and the Rules.

14.14 Approval of Owners' Association Lawsuits by Members. The Owners' Association shall be required to obtain, through the Voting Members, the approval of three-fourths (3/4) of the number of Members (at a duly called meeting at which a quorum is present) prior to the payment of legal or other fees to persons or entities engaged by the Owners' Association for the purpose of suing, or making, preparing or investigating any lawsuit, or commencing any lawsuit other than for: (a) the collection of Assessments; (b) the collection of other charges which Members are obligated to pay pursuant to the Master Documents; (c) the enforcement of the use and occupancy restrictions contained in the Master Documents; or (d) in an emergency where waiting to obtain the approval of the Owners' would create a substantial risk of irreparable injury to the Total Property.

14.15 Condemnation. If the Owners' Association receives any award or payment arising from any taking of the Common Areas or any part thereof as a result of the exercise of the right of condemnation or eminent domain, the net proceeds thereof shall first be applied to the restoration of the remaining Common Areas and improvements thereon to the extent deemed advisable by the Owners' Association and the remaining balance of such net proceeds, if any, shall then be held by the Owners' Association for the use of the Owners' Association.

14.16 Construction. The provisions of this Master Declaration shall be liberally interpreted and construed to provide maximum flexibility consistent with Declarant's general plan for development of the Total Property and the purposes set forth herein, including the Preamble.

14.17 Special Rights Reserved by Declarant.

(a) In recognition of the fact that Declarant and each Member has a continuing interest in the implementation by

REC 0392 PAGE 0413

Declarant of its plan of development of the Total Property and in recognition of the fact that the property values of the Total Property are dependent upon the proper implementation of such plan by Declarant, Declarant hereby reserves the right, until Turnover, to approve any and all actions of the Owners' Association in its sole and absolute discretion, including, but not limited to, the following: (1) the enforcement or non-enforcement by any Person of any of the remedies provided hereunder; (2) the Budget; (3) the Rules; (4) maintenance and services on the Total Property; (5) Special Assessments; (6) any improvement of the Common Areas and changes or modifications in services being furnished to the Total Property or to the Owners.

(b) Further, Declarant reserves the right until Declarant no longer has any other interest in any portion of the Total Property to designate all members of the Design Review Committee and to promulgate, amend or modify the Development Codes.

(c) Further, Declarant may, in its sole discretion, unilaterally amend this Declaration if necessary to do so for purposes of fulfilling the requirements of any governmental entity or quasi-governmental entity, including, but not limited to, the Federal National Mortgage Association (FNMA), the Federal Home Loan Mortgage Corporation (FHLMC), the Department of Housing and Urban Development (HUD), the Veterans Administration (VA), and the Federal Housing Administration (FHA). Nothing contained herein, however, shall require Declarant to make an amendment to this Declaration for any purpose whatsoever.

IN WITNESS WHEREOF, Declarant, the Additional Owners, and the Owners' Association have caused this Master Declaration to be executed and their corporate seals to be affixed hereto, all on the day and year first above written.

of any vacancy, fill any such vacancy. After such Annual Members' Meeting, Declarant shall have the right to appoint, designate, or elect all the Administrators who are not elected by the Members other than Declarant as set forth in Paragraph C below. Declarant reserves the right to remove any Administrator it has appointed, designated, or elected to the First Board or any other Board.

C. 1. At the first Annual Members' Meeting after Declarant has conveyed twenty percent (20%) of the Dwelling Units permitted to be constructed on the Total Property, and at all Annual Members' Meetings thereafter until the Annual Members' Meeting described in Paragraph C.2 below, the Board shall include: two (2) Administrators designated by Declarant and one (1) Administrator elected by the Voting Member as more specifically set forth in the By-Laws.

2.0 SCHOOL COMMITMENTS

- 2.1 To mitigate capital outlay expenditures required of the Flagler County School Board and to aid in providing convenient additional facilities and unique educational opportunities for the school age residents of Flagler County, including those of Hammock Dunes, the Applicant shall convey to the School Board at no charge:
- a. A fifteen (15) acre school site to be located at the Transportation Distribution Services (the TDS site);
  - b. A twenty (20) acre school and Intracoastal Waterway experience site to be located at the north end of Bon Terra/Harbor Village (the Bon Terra site); and
  - c. A five (5) acre oceanfront natural experience site to be located immediately south of the end of Malacompra Road (the oceanfront site). This unimproved site shall include 450 feet of ocean frontage.
- 2.2 The Applicant shall prepare the Bon Terra site for construction of a school facility including appropriate clearing, removal of unsuitable soils, filling, grading, and drainage as required

OFF REC 0392 PAGE 0476

by the applicable codes, and the Applicant shall obtain any permits to satisfy the above requirements. The Applicant shall prepare the site and extend water and sewer lines at no cost to the School Board to the property lines of the TDS and Bon Terra sites within six months of the date the School Board receives approval of the particular school site from the Florida Department of Education. The Applicant shall have no other construction or service obligations with regard to the three sites described in paragraphs 2.1.a. - 2.1.c. above.

The Applicant has the right to fill and otherwise prepare the Bon Terra site for a school facility at any time prior to when the School Board commences construction of a school facility on this site.

- 2.3 The Applicant shall convey the three sites described in paragraphs 2.1.a. - 2.1.c. above by an unrestricted general warranty deed within sixty (60) days after the development order becomes final. Appropriate agreements separate from the deed shall give the Applicant a right of first refusal in the event of the sale of any of the sites to a non-governmental person or entity. Any such sale and the right of first refusal shall be subject to and exercisable only upon compliance with the valuation

and appraisal principles of Rule 6A-2.23, as amended, of the Florida Administrative Code. Applicant shall furnish the School Board with appropriate surveys of the sites prior to the delivery of the deeds. None of these sites described in paragraphs 2.1.a - 2.1.c above shall be offered for sale by the School Board to any non-governmental person or entity prior to completion of 3,000 dwelling units or 12 years from the date the development order becomes final, whichever is sooner.

2.4 Appropriate agreements shall allow the Applicant to continue to use the TDS buildings and parking areas at no cost for no more than 36 months after the date the Flagler County Commission issues the development order, unless such usage is otherwise extended by the School Board and the Applicant. The Applicant shall be responsible for maintenance and repairs to the buildings and property being used. The Applicant shall execute a hold harmless and indemnity agreement in favor of the School Board against any and all claims, actions, suits, judgments, damages, injuries, attorneys fees, and costs arising out of the Applicant's use of the TDS property. The Applicant shall carry and pay for insurance policies to cover general liability.

property damage, fire, flood, windstorm, and insurance covering any other peril that is normally carried on School Board property. The Applicant shall name the School Board as a co-insured on all of the policies and provide the School Board a certificate of insurance as co-insured in amounts and policy limits approved by the School Board. The agreement shall provide for allocation of insurance proceeds which is acceptable to the School Board and shall relieve the School Board of any obligation to rebuild or repair in the event of substantial destruction of any portion of the TDS site. The agreement shall provide that in the event of substantial destruction preventing use of the TDS building and property the School Board shall receive the proceeds of any insurance covering damage to property owned by the School Board.

3.0

ECONOMY AND INFRASTRUCTURE

3.1 The approval by the County of this development order is based on the fact that the project will be served by certain capital facilities. These capital facilities are:

- surface water management system
- internal potable water distribution and fire hydrant system
- wastewater collection, treatment and disposal systems
- major north/south arterial roads (main road network)
- an on-site public safety complex including a fire and police station
- on-site fire, police, emergency medical and secondary security equipment including vehicles and apparatus
- Intracoastal Waterway Bridge

3.2 The County has determined that it would prefer that the ownership, operation and maintenance of the above-listed capital facilities be provided through an independent special district. The County has further determined that, as presently authorized by Chapter 190, Florida Statutes, a Community Development District (CDD) is not such

OFF REC 0392 PAGE 0480

an appropriate independent special district because of the overbroad powers granted to CDDs by state law.

It is the County's preference that Chapter 190 be amended so as to narrow the statutory powers granted to CDDs so that the County may support the creation of such an independent special district for this project. The Applicant is willing to seek such statutory amendments during the 1984 and subsequent regular legislative sessions.

3.3 In order to avoid unduly delaying the approval of this project and to assure that its approval is consistent with the Flagler County Comprehensive Plan and the Regional Planning Council's report and recommendations, the County finds that this project's capital facility needs will be satisfied by the following:

- a. The Applicant shall construct or convey at its own financial responsibility the following capital facilities, at no cost to the County:
  - a surface water management system
  - major north/south arterial roads

- the public safety complex as described in Condition 12.3
- the on-site fire, police, emergency medical and security equipment, including vehicles and apparatus, as described in Condition 12.4

b. It shall be the Applicant's own financial responsibility to construct, or cause to be constructed through a governmental entity, acceptable to the County, the following capital facilities to serve the dwelling units as they are constructed within a phase:

- internal potable water distribution and fire hydrant system
- wastewater collection, treatment, and disposal system.

In the event the Applicant constructs the capital facilities in paragraph 3.3.b, the Applicant may recover its capital costs through user contributions in aid of construction and/or user rates. If, after construction of the capital facilities listed in this subsection, there is created an appropriate governmental entity approved by the Flagler County Commission for the maintenance and

operation of these facilities, the Applicant shall transfer its ownership, operation, and maintenance responsibilities to that entity. The selling price would be the original cost of the system less net contributions-in-aid-of-construction (CIAC) (after accumulated amortization), less accumulated depreciation, less debt which is assumed by the purchaser.

- c. The Intracoastal Waterway Bridge (first two lanes) shall be constructed by the Applicant or the Applicant shall cause it to be constructed by a governmental entity acceptable to the County. The Applicant proposes that one-half of the Intracoastal Waterway Bridge shall be financed through Applicant-imposed impact fees levied against each dwelling unit equivalent at the time of the unit's construction and the other one-half of the bridge costs be financed through user tolls. The County does not object to the Applicant using this proposed financing as a method of satisfying its financial responsibility for this bridge. The Applicant, in cooperation with the County, shall make a good faith effort to seek acceptance of the responsibility to own, operate, and maintain the Intracoastal Waterway Bridge or bridges by the Florida Department of Transportation.

OFF REC 0392 PAGE 0483

3.4 In each instance where the Applicant is responsible for the ongoing maintenance of the capital facilities described in this section, the Applicant may transfer any and all of its responsibilities to improve and maintain such capital facilities to an appropriate private or governmental entity, acceptable to the County, which has been created to perform such responsibilities. If an appropriate governmental entity is created by the County or by other authorized means, the Applicant shall transfer the responsibility for operation and maintenance to that governmental entity, subject to the financial arrangements described in Section 3.3.b. and to the repayment of any outstanding indebtedness for the bridge for which user tolls are pledged to guarantee such repayment.

#### 4.0 TRANSPORTATION

##### 4.1 Intracoastal Waterway Bridge (ICWB)

- a. During Phase I, the Applicant shall construct, or cause to be constructed at no expense to Flagler County, the proposed two-lane Intracoastal Waterway Bridge and its ramp system as approved by the Florida Department of Transportation. Bridge construction shall begin no later than the commencement of dwelling unit construction and shall be completed not later than two years after the commencement of dwelling unit construction.

- b. When the Florida Department of Transportation and Flagler County determine that Level of Service "C" as that term is defined in the Federal Highway Capacity Manual of the Federal Highway Administration, as amended from time to time, has been met on the Intracoastal Waterway Bridge, the Applicant shall construct, or cause to be constructed at no expense to Flagler County, two additional through lanes of the bridge along with the necessary improvements to its ramp system. All improvements shall be approved by and constructed within the time frame established by the Florida Department of Transportation and Flagler County. Three years before Level of Service "C" is predicted to be reached on the first bridge, the Applicant shall commence necessary design activities and shall apply for the necessary construction permits for the second bridge. In the event the bridge is owned and operated by a district or the Florida Department of Transportation, the Applicant's duties to seek such permits may be performed by the district or the Department.
- c. The Applicant proposes that all or part of the cost of the bridge construction referred to in 4.1.b. above and all of the maintenance costs of both

OFF REC 0392 PAGE 0485

bridges may be paid for through user tolls. The County does not object to the Applicant using this proposed financing as a method of satisfying its financial responsibility for this bridge. If the tolls from the first bridge exceed the cost of operation and maintenance, the operating entity of the bridge shall accumulate such excess funds and the interest thereon and apply them towards the construction costs of the second bridge.

If the second Intracoastal Waterway Bridge is not constructed within a reasonable time as provided by Section 4.1.b., such failure to construct shall be presumed to be a substantial deviation from this development order.

4.2 State Road A1A

- a. The Applicant shall construct concurrently with the first Intracoastal Waterway bridge:
  - an acceleration/deceleration lane on the east side of SR A1A at its intersection with the Intracoastal Waterway Bridge on and off ramp;
  - a left turn lane for southbound traffic on SR A1A at its intersection with the Intracoastal Waterway Bridge on and off ramp; and
  - a left turn lane on the Intracoastal Waterway Bridge on and off ramp at its intersection with SR A1A.
- b. The Applicant shall construct acceleration/deceleration and left turn lanes on SR A1A at all

intersections with the project's internal road system. Signalization shall be provided when warranted as determined by the Florida Department of Transportation's review of annual traffic reports. Capital cost of signalization shall be at the Applicant's expense.

- c. Upon determination by the Florida Department of Transportation that improvements are warranted on SR A1A, the Applicant shall be required to pay its proportionate share of the road improvement costs. The Florida Department of Transportation will review the annual traffic reports prior to making its determination. The Applicant shall escrow its share of the road improvement costs with the appropriate agency prior to proceeding to the next development phase. The Applicant's proportionate share (as determined by Florida Department of Transportation) shall be based on the percentage of Hammock Dunes' generated traffic using SR A1A. Flagler County will not pay any portion of these improvement costs.

#### 4.3 Malacompra Road

Upon determination by Flagler County that improvements are warranted on Malacompra Road from A1A to its eastern terminus at the park entrance, the

Applicants shall be required to pay its proportionate share of the road improvement costs. The County will review the annual traffic reports prior to making its determination. The Applicant shall escrow its share of the road improvement costs with the appropriate agency prior to proceeding to the next development phase. The Applicant's proportionate share shall be based on the percentage of Hammock Dunes' generated traffic using Malacompra Road.

4.4 16th and Jungle Hut Roads

The Applicant shall upgrade these two facilities from SR A1A to their eastern termini at the entrance to the parks to meet current County road standards per Flagler County Development and Subdivision Regulations and shall construct the necessary improvements at the roads' intersections with SR A1A upon the completion of the Intra-coastal Waterway Bridge. Once these roads have been improved to County road standards, the County shall be responsible for maintaining them.

4.5 In the event that carbon monoxide levels exceed the EPA/DER eight (8) low standard for carbon monoxide pollution, the Applicant shall be required

to improve the bridge interchange at AIA (construct the next phase improvement) within one year from the time of the filing of the annual monitoring report.

4.6 St. Joe Grade/Palm Coast Parkway

- a. The concerns raised by the RPC relating to the construction of the appropriate additions to the I-95 overpass area are adequately provided for in an agreement between Flagler County and ITT Community Development Corporation dated March 30, 1984.

Except as provided in the March 30, 1984 agreement, the funds for this improvement will be from federal or state funds other than those which would be allocated to Flagler County for road and bridge improvements within the County.

No County funds or funds due to be expended by other agencies on projects within the County will be expended for this improvement.

- \*b. Upon determination by Flagler County that improvements are warranted at the following intersections, the County should require the Applicant to escrow the proportionate share of the Applicant's and CDC's improvement costs with the appropriate agency. These intersections are:

NOTE: See ADA maps on pages 31.25, 31.28, and 31.30.

4.7 The Applicant shall four-lane all or any part of the road and bridges located on Palm Harbor Parkway (formerly known as Norman Young Parkway) between Clubhouse Drive and Florida Park Drive when traffic count on these road segments exceeds 10,000 ADT. The Applicant shall commence design and other pre-construction activities for such improvements when traffic count on these road segments reaches 8,000 ADT.

4.8 Internal Road Systems

The Applicant shall construct all internal roadway improvements during the Phase identified in the ADA. These roads may be privately owned and, if so, shall be maintained at no expense to the County.

4.9 Whenever this development order requires the Applicant to construct facilities, the Applicant shall have the right to contract for the construction of these facilities through other

appropriate contractors or agents, including governmental entities. The purpose of this section is to allow the Applicant the convenience of contracting with various agents to do the actual work related to the capital items it is responsible to construct. This section is not intended to relieve the Applicant of any financial responsibility specifically imposed on it by this development order.

5.0 MARINA

- 5.1 At the same time marina permit applications are submitted to DER and the Corps of Engineers, the permit applications shall be sent by the Applicant to the RPC for review and comment to the agencies.
- 5.2 If DER denies the Applicant's request for a marina permit, the County shall determine whether any resulting changes in the development plan constitute a substantial deviation pursuant to F.S. 380.06(17)(a)(b) for the Harbor Village Community. If future review of the marina is determined to be required, such review shall be limited to the regional or local impacts of the Harbor Village Community, and shall not extend to the rest of the development.

- 5.3 The Applicant shall provide boat holding tank pump out facilities, the number and location to be approved by DER.
- 5.4 Final marina development site plans, by phase, shall be submitted to the RPC concurrently with the submission of the site plans to the County. The RPC will review the plans for conformance with the intentions and commitments presented in the ADA and Sufficiency Response.
- 5.5 The Applicant shall institute preventive measures to prevent Manatee mortality associated with construction and operation of the marina.
- 5.6 The excavation to be performed in the marina area shall be done in a manner to maintain the same water level, in the marina excavation, as is in the Intracoastal Waterway.

6.0 LAND RESOURCES/DUNES

6.1 The landward toe of the primary dune shall be determined by DNR in consultation with the Applicant and RPC; no excavation or other development shall be allowed on the landward toe of the primary dune that could destroy the integrity of the dune.

6.2 The primary dune breaches existing on Hammock Dune property, specifically #4, 5, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, and 18 (see page D-44 RPC DRI Assessment Report) shall be filled and stabilized with vegetation by the Applicant at the beginning of development, to be completed prior to the end of Phase I. The Applicant shall also restore primary dune breaches located within park sites being donated by it to the County. At the County's request, the Applicant shall pay to the County \$60,000 for the County to use in constructing appropriate motor vehicular dune crossovers at the end of Malacompra Road and at the south beach park site and \$17,000 for pedestrian walkovers at the end of 16th Road and Jungle Hut Road, or other beachfront park-related services. In order to ensure that these funds, which are currently adequate to pay the cost of such crossovers, remain adequate, the \$77,000 shall be increased on January 1 of each year

The inflation protection provision of this paragraph shall also apply to the \$50,000 provision of paragraph 14.1.f.

- 6.3 Preliminary development plans for areas adjacent to the dunes submitted to the County shall simultaneously be provided to the RPC and shall include the following information regarding protection of the dunes:

- a. All dunes to be preserved in the buffer area shall be mapped;
- b. Measures to be taken to preserve the integrity of the dune system, e.g. filling and revegetation of blowouts, shall be specified.

6.4 Final development plans for areas adjacent to the dunes submitted to the County shall simultaneously be submitted to the RPC to demonstrate that the type, density and design of development proposed adjacent to the primary dune will not substantially alter the existing integrity of the dune system.

6.5 The Applicant shall submit to DER, St. Johns River Water Management District (District), and the RPC, an erosion control plan, by phase. No land shall be left ungraded without groundcover for more than 30 days, except that which is necessary for construction of the water management system, golf courses, and roadways. The erosion control plan shall address the steps to mitigate erosion for the construction of the water management system, golf courses and roadways in sufficient detail to justify the exclusion of these from this condition.

7.0 WETLANDS

7.1 The Applicant shall prepare a planting and management plan for the littoral zone that surrounds any created lake system. The plan shall include the

OFF REC 0392 PAGE 0196

types, extent and timing of planting that will be provided in the littoral zone. Also included in the plan shall be the identification of any management activities that are intended to ensure the continuance and health of the littoral zone. The plan shall be subject to the approval of the County and the St. Johns River Water Management District, in consultation with the Florida Game and Freshwater Fish Commission, East Flagler Mosquito Control District, and the RPC, prior to beginning excavation of the lake system.

- 7.2 The Applicant shall preserve, to the maximum extent possible, a buffer zone of upland edge vegetation around all wetland habitats and lakes. The amount of preserved habitat that shall occur beyond the high water limit of the wetland or lake shall be 10 square feet of edge habitat per linear foot of wetland perimeter occurring on the property. This upland edge habitat to be preserved shall be located such that not less than 35 per cent of all wetlands or lake perimeter has at least a 10 foot wide buffer of natural "ecotone" or edge consisting of native upland vegetation surrounding it. Where it is impossible or impractical to preserve natural edge vegetation, the

minimum requirements may be met by planting or landscaping with native plant materials.

7.3 A littoral zone of 10:1 slope ratio out to a three foot depth shall be created on the golf course sides of the lake system, provided that the value of the water management storage system for the design storm is not decreased. In locations of existing wetlands, the wetlands shall be retained to the maximum extent possible.

7.4 In order to reduce insect pests through natural means, the Applicant shall initially stock and maintain the created lake system with freshwater forage and game fish. The fish maintenance program shall be the responsibility of the entity responsible for the maintenance of the water management system.

7.5 The Applicant, in consultation with the East Flagler Mosquito Control District, shall maintain the open lake system and littoral zone to help reduce the incidence of mosquito production. The Applicant shall control aquatic weeds associated with mosquito production to the satisfaction of the East Flagler Mosquito Control District. Corrective action shall be taken by the Applicant within thirty (30) days after notification by the East Flagler Mosquito Control District.

8.0 WATER RESOURCES (SURFACE/GROUND)

8.1 In the event that the surficial aquifer on the project site is designated a single source aquifer (G-I) by the ERC, the County shall determine whether the resulting changes in the development's design, if any, constitute a substantial deviation.

8.2 A periodic monitoring program approved by the County Engineer shall be devised by the Applicant for the lake system that:

- a. Measures dissolved organic nitrogen and phosphate levels in the runoff entering the lake system and being discharged into the Intracoastal Waterway, and
- b. Measures dissolved organic nitrogen and phosphate levels in ground water at selected points near the perimeter of the site, and
- c. Measures results from shallow monitoring wells using the criteria for Class G-I and G-II Ground Water as set forth in F.A.C. Chapter 17-3.404; the primary and secondary drinking water standards for public water systems as listed in Section 17-22.104, F.A.C., nutrients, oil and grease, and EDBs.
- d. To protect against saltwater intrusion, all excavation of surface water management system, lakes, etc.

shall be performed by holding the ground water level at 4.0 m.s.l. or at the existing ground water level, whichever is less, within 300 feet of existing domestic and commercial wells.

8.3 A one year background ambient condition study of the Intracoastal Waterway shall be conducted by the Applicant prior to the commencement of any construction which would impact the Intracoastal Waterway. In addition, an Intracoastal water quality monitoring program shall be instituted to monitor changes. Details of the program shall be worked out with DER.

8.4 The Applicant shall take steps to ensure that biodegradable fertilizers and EPA/DER approved pesticides and fungicides are the only materials used within the development. The Applicant shall take all reasonable steps to ensure that persons to whom it sells individual building sites also adhere to this condition through restrictions and covenants. The Applicant or its successors shall not use EDB or dioxin within the development boundaries.

8.5 If at the end of Phase III the existing culverts under State Road 11A as shown on page 22.5 of the Application for Development Approval are not

OFF REC 0392 PAGE 0500

adequate to handle the run-off from the Hammock Dunes development, they shall be replaced with appropriate structures capable of handling the increased flow at the expense of the Applicant.

9.0 VEGETATION AND WILDLIFE

9.1 The Applicant shall prepare and submit to the Game and Fresh Water Fish Commission for review and recommendations a plan to relocate any rare or endangered plant species or plant species of special concern found in areas to be developed, to be implemented prior to development in each phase.

9.2.a. The development in the Hammock area (hardwood forest area adjacent to A1A) located between 16th and Malacompra Roads shall be in compliance with and consistent with the provisions of Public Hearing Exhibit 7, which is a report entitled "Development Suitability Analysis of the Hammock Forest, 16th Road to Malacompra Road", revised January 14, 1984 and as amended March 30, 1984. During the construction within the area described in the Analysis, the Applicant shall pay the County for daily on-site inspections as required by the staff of the County Engineer's office to guarantee its compliance with this provision and to maximize the tree protection required by Section 9.3.

b. After it conveys the property to the School Board and it vacates the TDS site, the Applicant shall have no responsibility for the property conveyed to the School Board located adjacent to the TDS site in the Special Development Zone.

9.3 The Applicant shall take special care during any construction activity not to injure or destroy trees or tree root systems of trees identified as conservation or preservation on the PCD map on page 12.13 of the ADA as modified by Section 9.2.a. The Applicant shall by appropriate restrictions, obligate purchasers to comply with this standard during any construction undertaken by them. The areas covered by this provision include the Hammock area described in Section 9.2.a. and hardwood trees adjacent to the functional wetlands identified on the Preservation, Conservation, and Development Map, ADA p. 12.13.

The Applicant shall devise a system of financial penalties and inducements to encourage its contractors to comply with the terms of this section.

9.4 Prior to initial development in each phase, the Applicant shall relocate any existing Gopher Tortoises and Eastern Indigo Snakes from areas to be developed to suitable habitats as defined by the Game and Fresh Water Fish Commission.

9.5 A detailed restrictive beachfront lighting plan designed to protect the Loggerhead Turtle, a threatened specie, shall be submitted to the Florida Game and Freshwater Fish Commission for review and approval prior to initiation of development. The Applicant shall cause other developers, if any, to conform to the approved lighting plan.

9.6 In its landscaping program, Applicant shall use native trees which will mature into canopy trees.

10.0 HISTORICAL AND ARCHEOLOGICAL SITES

If, in the process of development, any additional archeological sites are discovered, the Applicant shall immediately notify the County and the State Division of Archives. No disruption of the findings shall be permitted after notification until the appropriate officials can make an investigation and thereafter only with County approval. If no County action is taken within six months, the Applicant may proceed.

11.0 WATER SUPPLY

11.1 The Applicant shall annually provide test results from potable water monitoring wells located west of the Intracoastal Waterway to the County and the St. Johns River Water Management District. The

OFF REC 0392 PAGE 0503

Applicant shall also provide the County with any data it gathers from its on-site groundwater monitoring wells.

11.2 The Applicant shall provide a report on the feasibility of the use of a graywater system for irrigation purposes in Hammock Dunes, and submit it to the RPC, the County, and the District for review and recommendations prior to initial development.

11.3 To maximize water conservation in Hammock Dunes, the Applicant shall install or cause to have installed water conserving (low volume) water closets, and faucet and shower flow restrictors in all structures; retained storm water for irrigation and the use of indigenous plants for landscaping shall be used to the maximum extent feasible.

11.4 A Mitigation Plan shall be prepared by the Applicant and submitted to DER, the District, the RPC, and Flagler County for their review in a time period of not less than 60 days prior to the filing of application for initial surface water management permit. (The Mitigation Plan refers to the protection of the Surficial Aquifer.)

11.5 In the event that it is found that the Applicant's development activities adversely impact the

surficial aquifer to the extent it becomes unusable by existing owners or their successors, the Applicant shall commit to providing such owners with potable domestic water from the appropriate utility. The cost of any required extension of water mains and laterals or plant expansion to serve such owners shall not be charged to them in the form of hookup or other charges; however, such owners shall be required to pay the reasonable cost of the quantities of water they use, based upon the utility's prevailing rates.

The determination of adverse impacts and causes of such impacts will be determined on the basis of actual monitoring data. This data will be obtained from a monitoring program/plan devised in conjunction with the St. Johns River Water Management District and the Department of Environmental Regulation, which will document existing baseline conditions, monitor changes during and after development and assess impacts as to cause and effect.

Disputes as to impacts, causes and costs shall be subject to judicial review by the Circuit Court of Flagler County, Florida.

The extra monitoring required in order to determine impacts on the off-site surficial aquifer shall be discontinued if potable domestic water is provided to the existing users of the surficial aquifer pursuant to this section.

11.6 An adequate buffer around the perimeter of the wastewater treatment plant between the plant and the out-parcel shall be provided by the Applicant. The buffer area shall consist of an area of at least 150 feet measured from the plant oxidation ditch and/or grit chamber to the boundary line. A vegetation screen shall also be provided along the out-parcel boundary.

11.7 The Applicant shall install a standby electric generator for the wastewater treatment plant.

12.0 PUBLIC SAFETY

12.1 Hurricane Evacuation

Transfers of title to any property in the project shall be accompanied by a separate hazard disclosure document, stating that Hammock Dunes is within a hurricane hazard area, in which property is subject to damage and residents may be subject to an evacuation order in the event of any hurricane landfalling within 50 miles of Hammock Dunes.

- 12.2 The Applicant shall require that all buildings in excess of three stories be equipped with internal fire suppression/protection equipment including standpipes and sprinkler systems and a minimum of two pressurized stairwells per each high rise building. In addition, streets leading to such buildings shall be wide enough and have sufficient support to accommodate heavy fire suppression apparatus up to the size of a ladder truck.
- 12.3 The Applicant shall construct, or cause to be constructed, a public safety complex consisting of a two-bay facility of approximately 5,000 square feet within the convenience/commercial site located at the easterly end of the Intracoastal Waterway bridge. The facility shall be constructed before 1,000 dwelling units are built on site.
- 12.4 On or before the completion of the public safety complex described in 12.3 above, the applicant shall contribute the following new public safety equipment to the County or other appropriate entity:
- one emergency service line unit (advance life support);
  - one 1,250 gallon capacity fire pumper/tanker;
  - two patrol units for use by the Sheriff's Office.
- The Applicant may contribute the equivalent value

OFF REC 0392 PAGE 0507

of the patrol units to the Sheriff's Office for its use for public safety purposes in lieu of donating the two patrol units.

13.0 ENERGY

13.1 The Applicant has committed to construct all residential, multi-family, commercial and recreational facilities to the standards of the Florida Power & Light Company's Watt-Wise program or an equivalent standard. These units shall be certified by the utility as having merited the Watt-Wise designation or its equivalent.

13.2 The Applicant shall construct or cause to be constructed the bike path as shown on the Bikeway and Pedestrian System Plan (bike map, ADA, p. 31.33), residents' path, and residents' trail as depicted on such map. The bike and residents' paths shall link residential areas to the commercial and recreational areas and school if located on the Hammock Dunes property. The paths shall be constructed to concur with the phasing of the development.

13.3 The Applicant shall install or cause to be installed bike racks/devices at the commercial and recreational facilities.

13.4 All outdoor lighting systems in areas such as parking and recreation, shall use energy efficient lighting

such as high pressure sodium or low pressure sodium.

13.5 If swimming pools for the condo units and beach clubs are to be heated, the equipment shall meet the following standards: for fossil fuel systems, a steady state efficiency rating of 85% or greater; for electrical systems, a C.O.P. of 2 or greater.

13.6 To evaluate the success of including such conservation measures in the development, the Applicant shall provide the RPC with information as to the status of the implementation of these measures in the annual report required by F.S. 380.06(16).

14.0 RECREATION AND OPEN SPACE

14.1 The Applicant shall convey and the County shall accept and maintain the 67 acres of four oceanfront sites and 10 acres of Intracoastal park to the County on the following schedule:

- a. The Applicant shall convey two acres of land at the end of Jungle Hut Road for beach access and parking purposes upon completion of the ICWW bridge.
- b. The Applicant shall convey eight acres of park land at the south end of the Hammock Dunes site (Beach Community) for park purposes upon approval

OFF REC 0392 PAGE 0509

of the first site development plan for Hammock Dunes.

- c. The Applicant shall convey 19 acres of park land out of the total 24 acre Malacompra site shown in green on the Hammock Dunes ADA Master Development Map south of the Applicant's north Johnson Beach property line upon approval of the first site development plan for Hammock Dunes.
- d. The Applicant shall convey the balance of the Malacompra Road site shown in green on the Hammock Dunes ADA Master Development Plan map north of the Applicant's northern Johnson Beach property line upon request from the County any time after approval of the first site development plan for Hammock Dunes.
- e. The Applicant shall convey the 33 acres of park land at the end of 16th Road on the following schedule:
  - 1/3 of land and oceanfrontage upon completion of the ICWW bridge;
  - 1/3 of land and oceanfrontage upon completion of Phase I;
  - 1/3 of land and oceanfrontage upon completion of Phase II.

- f. The Applicant shall convey a 10 acre Intracoastal park as shown on the Master Development Plan at the conclusion of the Intracoastal Waterway bridge construction. Concurrent with the conveyance of the park site, the Applicant shall construct and convey to the County a two-bay boat ramp to be located in the vicinity of the Intracoastal Waterway bridge. This boat ramp shall comply with DNR and DER requirements. The Applicant may give the County \$50,000 in lieu of this obligation.
- g. In addition to the 77 acre park conveyances, the Applicant shall also convey to the County and the County shall accept and maintain for park purposes 13.9 acres designated on the original Master Development Plan Map as the Johnson Beach school site. This conveyance shall be made upon approval of the first Site Development Plan for Hammock Dunes.

14.2. The Applicant shall grade the park sites, except dune areas, in a reasonable manner suitable for recreational development under a schedule agreed upon with the County. The Applicant will assist the County in the design of the parks. All park conveyances referred to herein shall restrict the property's use to park or other governmental purposes, except for the conveyance described in 14.1.d.

14.3 The Applicant shall provide dune walkovers along the beachfront on the Applicant's property as submitted in the Sufficiency Response, p. S.27.13.

- 14.4 The Applicant shall contribute \$20,000 to the County for purposes of Malacompra park improvements such as the construction of picnic tables and other park facilities. These funds shall be contributed when the 19 acres of Malacompra park site are conveyed to the County.
- 14.5 Land identified for golf course usage on the Master Development Plan map (ADA, p. 12.5) shall be deed and plat restricted to ensure that the usage of this land is limited to golf courses (including appropriate associated golf club facilities), open space, parks or, if approved by the County Commission, other appropriate recreational usages. Since it is recognized that the final configurations of the proposed golf courses are not now available, the Applicant at the time of platting shall identify the specific acreage for golf course use. The plat shall show the boundaries and configurations of the golf courses. The plat and all deeds of land within the area so identified as golf course usage on the plat shall contain restrictions limiting the usage of the property platted to golf courses (including appropriate associated golf club facilities), open space, parks or, if approved by the County Commission, other appropriate recreational or governmental usages.

15.0 RESIDENTIAL RECREATION

The Applicant shall reserve two acres for Hammock Dunes resident recreational purposes in each of the following eight communities in Hammock Dunes: Ocean Estates, Racquet Club, Ocean Recreation, Destination Resort, Varn Lake, Fish Island, Fairways Community and Harbor Village. There are no acres reserved in Johnson Beach or the Beach Community.

16.0 OCEAN ESTATES COMMUNITY AND JOHNSON BEACH SUBDIVISION

Because of the land use requirements of Section 9.2.a. relating to the Hammock forest located along A1A between 16th and Malacompra Road, it was necessary for the Applicant to adjust the land use and cluster plan for the adjacent Ocean Estates Community. The Ocean Estates Insert Map dated February 10, 1984, revises the land plan for Ocean Estates previously shown on the January 14, 1984, Master Development Plan Map. The adjusted plan is consistent with the provisions of Section 9.2.a. and provisions of Section 17.5.

16.1 Because of the County's concern that during the later phases of this development there be adequate public beach park and/or governmental facilities in the beachfront area the remaining portions of the Johnson Beach acres shall not be sold or conveyed by the Applicant until the Applicant and County have conducted a joint study of the

OFF REC 0392 PAGE 0513

need for additional park or governmental facilities in the beachfront area. This study shall be completed by the end of Phase II of the development. If the study shows that all or a part of the remaining Johnson Beach acreage is or will be needed for park or governmental purposes, the Applicant shall convey the needed property it now owns in the Johnson Beach area as shown on the Johnson Beach Site Study Map to the County for such purposes within sixty (60) days of such post-study determination of public need.

- 16.2 The Applicant will construct or provide for the construction of 120 moderate priced (\$40,000 in 1983 dollars) dwelling units on an area of approximately 35 acres (75 dwelling units to be constructed during Phase II and 45 dwelling units during Phase III) as designated on the Master Development Plan Map, or within a seven-mile radius of the resort core boundary, in a range of sizes which reflect typical employee housing.

17.0 DENSITY, BUILDING SPACING, LAND USE CLASSIFICATION,  
AND OTHER DEVELOPMENT REQUIREMENTS

17.1 The Applicant shall perform site development work so as to minimize the impact of such work on existing housing and facilities. The Applicant shall perform its required infrastructure construction and site clearing in a contiguous manner whenever possible so that site construction will not be required in areas where there are existing houses and facilities. The phasing map, which is attached to the final development order and made a part thereof as composite Exhibit 2, shall be followed by the Applicant in its construction activities unless modifications are approved in advance by the County. Modifications of the timing of clusters within a phase shall not be a substantial deviation. Site development work including construction of the water management system, water and sewer facilities, drainage, grading, roads and dwelling units shall be at least 50% complete in Phase I prior to the start of site development work and dwelling units in Phase II. The following table sets forth the percentage of completion in the various phases which must be accomplished before construction may take place in a subsequent phase:

<u>Percent Completed Phase I</u>	<u>% Permitted In Phase II</u>	<u>% Permitted In Phase III</u>
50%	Begin Construction in Phase II	0
60%	15%	0
70%	30%	0
80% (*)	Unlimited in Phase II	0
	50%	Begin Constructi in Phase III
	60%	15%
	70%	30%
	80% (*)	Unlimited in Phase III

(\*) - For the purpose of this Table, construction is considered complete in a phase when 80% of the authorized dwelling units in that phase have been completed.

The percentage of completion of dwelling units as defined above is to be determined by dividing the number of dwelling units completed by the number of dwelling units authorized within a given phase and multiplying by 100.

17.2 Combustible materials which are created as a result of construction or land clearing activities shall be burned completely on site or transported off site to an appropriate County authorized trash facility provided by the Applicant. Non-combustible construction or demolition debris shall be transported off site to an

appropriate County authorized trash facility provided by the Applicant.

17.3 Soil materials which are unsuitable for construction may be used by the Applicant for landscaping after building construction, but may not be otherwise used on buildable areas.

17.4 Coquina formation mining operations shall be prohibited within the project boundaries. This does not preclude the on-site use of coquina removed as part of other construction activities.

17.5 The Hammock Dunes DRI is a Planned Unit Development under Article X of the Flagler County Development and Subdivision Regulations because it provides adequate open space, vehicular circulation and parking, recreation, park and school sites, innovative housing designs, and the service needs for the tract when fully developed and populated, and because this development order provides adequate covenants or other legal provisions which will help assure conformity to and achievement of the purposes of Article X. For purposes of compliance with Article X and other County development ordinances, this project, during the life of this development order, shall be treated as a Planned Unit Development subject to the following substantive conditions:

OFF REC 03992 PAGE 0517

a. Density

The Hammock Dunes ADA Master Development Plan Map identifies 893 acres for residential development out of 2,258 acres. Even without credit for lands which the Applicant will convey or dedicate to parks, open space, schools (See Section 2) and other uses under this development order, based upon a comparison of the project to the Flagler County Comprehensive Plan which allows for up to eight (8) dwelling units per acre, the Applicant is entitled to 7,144 units. Regardless of future density changes in the Flagler County Comprehensive Land Use Plan or other County regulations, this order limits the Applicant to a total of 6,670 dwelling units, which is equivalent to 7.47 dwelling units per acre on the designated 893 residential acres.

b. Residential Clusters

The maximum number of dwelling units allowed for this project are those set forth in Section 17.5.a. Residential clusters are identified in Exhibit 17.5.1. attached. Data about individual clusters including community location, density category, acreage and number of dwelling units is shown on Table 17.5.2. Cluster Data. Site development plans,

OFF REC 0392 PAGE 0518

cluster diagrams, and any plats submitted for approval by the County shall comply with Table 17.5.2.

Individual clusters may vary 15% plus or minus from the cluster data identified in Table 17.5.2. In the event of such a change, the data of other clusters shall also be changed so that the overall dwelling units remain in balance. At the time of each site development plan and cluster diagram review, the Applicant shall also submit a revised Table 17.5.2 and revised Map 17.5.1, which reflects the data redistribution and clearly indicates those residential clusters affected.

c. Allowable Building Height

Within each cluster density category, there is a maximum allowable building height. Dwelling unit density and heights which are granted to the Applicant are regulated by the information below and Exhibits 17.5.1. (Residential Clusters) and 17.5.2.

Allowable Building Height

Cluster Data Density Category	Maximum Building Height in Stories
Low (L)	3
Low-Medium (L-M)	7
Medium-High (M-H)	20

d. Building Spacing

The spacing for buildings shall be determined by the County at the time of site development plan submittal giving due consideration to the need for variety and innovation in housing types within this project.

e. Impact of Development Requirements

The density units, building spacing, and height provisions granted by this development order are not precedent setting, but are based upon particular factual circumstances and conditions relating to this development of regional impact, including the Applicant's extensive park and school site contributions; transportation improvements; open space and preservation area commitments; and commitments of equipment, facilities, and other financial resources to mitigate the impacts of the project, as well as other conditions and obligations imposed by this development order.

f. Signage and Lighting

Prior to the construction of the first dwelling units, the Applicant shall prepare signage and lighting guidelines to be used throughout the

Hammock Dunes development. These guidelines shall deal with the type, location, dimensions and materials used for signage and lighting.

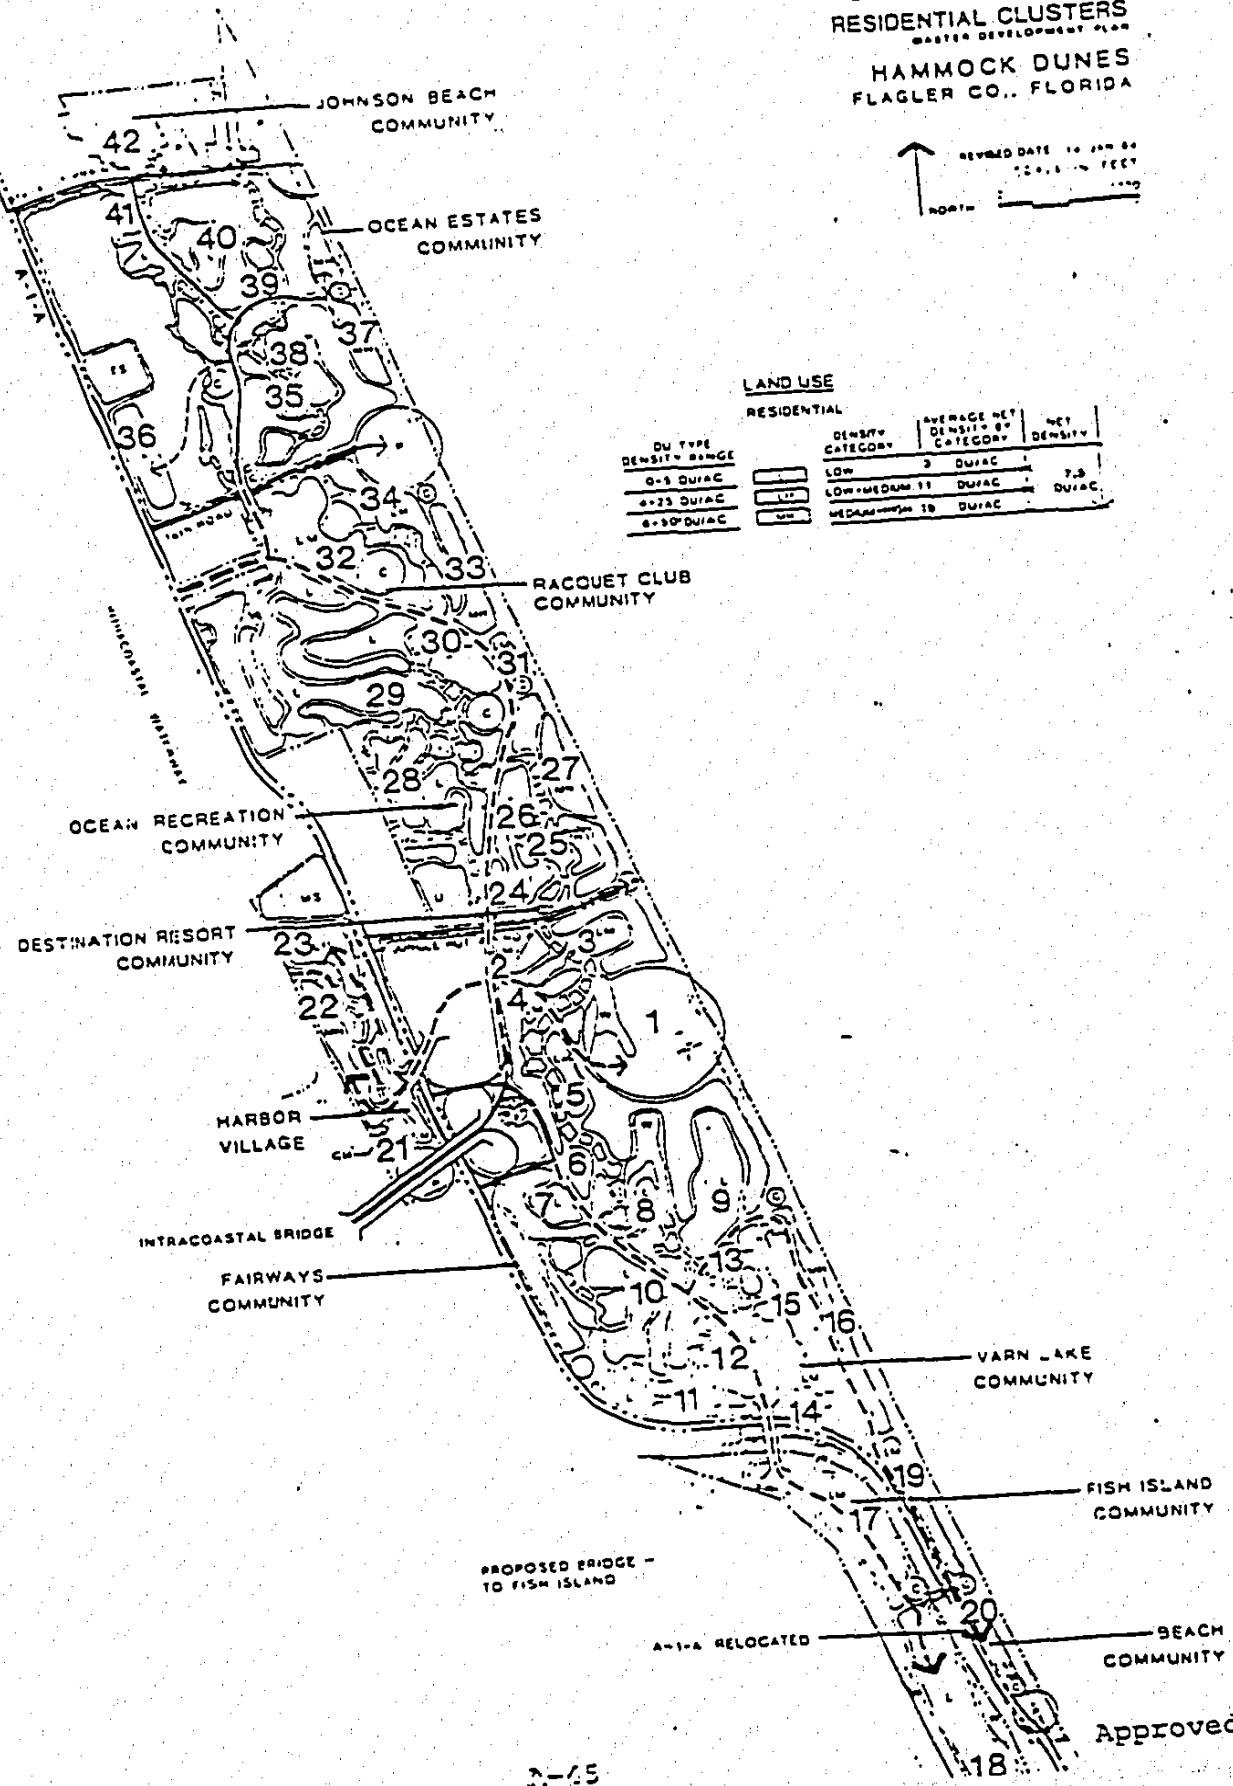

g. Flexibility Considerations

As a Planned Unit Development, this project is expected to seek flexibility within the County Development and Subdivision Ordinances, but any changes must first be approved through the site development plan review procedures of Section 17.6. Regulations which may be affected include, but are not limited to:"

1. Yard, lot width and size, depth and building orientation requirements;
2. Minimum road rights-of-way widths, typical sections and paving sections;
3. Road swales and rights-of-way clearing requirements, particularly where trees and natural vegetation systems are to be preserved or protected;
4. Cul-de-sac length, right-of-way and turn around width provisions;
5. Block length and width provisions;
6. Bridge and other pedestrian walk requirements;
7. Off-street parking space requirements;
8. Drainage maintenance easements;
9. Waterway minimum depth and width.

b. Site Development Plan

A site development plan which complies with this development order shall be submitted to the Flagler County Commission for approval prior to the start of construction. Where a residential cluster is to be phased, and a site development plan is submitted for only a portion of the cluster, a

cluster diagram must be included along with the site development plan.

- (e) the location, height, and floor area of all existing and proposed buildings, structures and other improvements and the use and type of all structures shall be indicated;
- (f) if residential use, the total number and number of each type of dwelling units, plus:

- (m) indication of the public or private ownership of all major facilities and amenities.

(2) Cluster Diagram

A cluster diagram is required along with a site development plan for residential developments which do not encompass an entire residential cluster. The cluster diagram shall contain the following information:

- (a) the boundary and number of the cluster identified on Exhibit 17.8.2.;
- (b) the location, acreage, and density of the proposed site development plan, any existing development, and the undeveloped portion of the cluster;

(c) a diagrammatic land use plan showing overall utilities, vehicular and pedestrian circulation, water management, and all other appropriate project features.

(3) Approval of the Site Development Plan

The County shall review the Site Development Plan (and cluster diagram, if required) for conformance with the development order. Within sixty (60) days of submittal, the site development plan shall be approved, approved with conditions, or denied.
